| Aug 27 | Aug 24 | B/154 | Mandatory Quarantine | Y | Y |
| Aug 30 | Aug 26 | B/156A | Mandatory Quarantine | Y | Y |

Pfizer vaccine approved by FDA – Some Businesses and Military bases are mandating vaccination following the FDA approval. Currently LM Space in Sunnyvale is **NOT** requiring the employees to be vaccinated as a condition of employment – we spoke to the company about this, and they clearly understand that if the customer were to require this from that we would need to enter into “effects bargaining”. I don’t expect the requirement to happen. I will keep you apprised if anything changes.

Additional Doses for immunocompromised patients after two doses of Pfizer or Moderna: 3rd doses of the Pfizer and Moderna COVID-19 vaccines have been authorized for patients who are at least 28 days from their last dose and who are moderately or severely immunocompromised. For the latest information about COVID-19 vaccinations in Santa Clara County, visit [sccfreevax.org](https://www.sccfreevax.org).

Mask wearing tips:

“Following recent Lockheed Martin and CDC guideline updates, the Bay Area facilities are in an area with a substantial or high COVID-19 transmission rate. All personnel in the Bay Area, regardless of vaccination status, are required to wear a mask while onsite. Please refer to the recent COVID-19 Digest and FAQs for additional information and the most up-to-date guidance”.

Facial coverings – To Comply with all Bay Area Counties due to the **rise** in cases from the Delta Variant, all employees including contractors **MUST WEAR FACIAL COVERINGS WHILE INSIDE BUILDINGS OR VEHICLES- EVEN IF FULLY VACCINATED.** We will keep you apprised as things continue to change. **Managers are being reminded of this policy, employees are reminded to wear their masks properly – over the nose and under the chin. The committee is receiving complaints about others not following these guidelines.**

Breakrooms- Until notified, the capacities are still at 75%.

California Supplemental Paid Sick Leave Act
