Section 1. Application, Amendment, Modification and Termination of the Agreement

A. Recognition for Bargaining Unit

For the term hereof, the Company recognizes and accepts the Union, as defined in Section 1B, for the purposes of negotiation of this agreement and of proposing and negotiating amendments or modifications hereto. The Union is the exclusive collective bargaining representative regarding rates of pay, wages, hours of employment and other terms and conditions of employment applicable to Lockheed Martin Space employees employed to work in the classifications set forth and new classifications established in Parts B, C, D and E hereof.

In applying such Agreement to a particular C.E.G., the terms "employee" or "employees" shall be restricted to mean only those included in the Part applicable to that C.E.G. D. Effective Date and Period of Agreement

This Agreement, including all Parts hereof, shall remain in full force and effect from **March 12, 2023** until and including **May 13, 2028** and thereafter from year to year until modified, amended or terminated, as hereinafter provided.

E. Amendment or Modification

Based on the results of this survey, the Company shall pay the full cost of printing for the corresponding number of interest bargaining unit members and will distribute to the Union within six (6) months of ratification. The Company shall print additional copies and make those copies available in the event of future requests for a printed copy or new employee requests.**

G. Termination

H. Governmental Requests

In the event of instructions from the Federal Government to alter or change the working schedule prescribed by the Agreement, upon fifteen (15) calendar days written notice to the IAM&AW from the Company, the Company and the Union shall reopen negotiations to amend such sections of the Agreement as pertain to hours of work and/or overtime payments for the sole purpose of considering objectives desired by the

Government. Such negotiations shall be conducted by the Company and Union committees as described in Subsection F of this Section.

I. Notices

Any notice under this Section of the Agreement shall be effective if sent via email or mail and addressed to the following:

Labor Relations Manager or his/her designee

To Union:
Business Representative/Organizer or his/her designee

Each employee shall have the responsibility to keep the Company informed of his or her current address, by updating the appropriate Human Resource system. Employees without access to the Human Resource system shall contact their Labor Relations Representative or the Employee Service Center for guidance. An employee may request an acknowledgement of their address change by contacting the Employee Service Center at 866-562-2363.

Section 2. Performance Required-Waiver

The Company and the Union agree that they will administer this Agreement in accordance with the true intent of its terms and provisions and will give each other fullest cooperation to the end that harmonious relations may be maintained in the interest of both the Company and the Union. It shall be the duty of the Company and its representatives and the Union and its representatives to comply with and abide by all of the provisions of this Agreement.

The parties to this Agreement, subject to the provisions of Section 1 of this Article 1 designating which of the parties may interpret, administer and enforce the particular provisions of this Agreement, shall be entitled to require performance of said provisions of this Agreement.

Time is of the essence in the application of this Agreement.

The waiver of any breach or condition of this Agreement by any party thereto shall not constitute a precedent for any further waiver of such breach or condition.

Section 3. Successors and Assigns

This Agreement shall be binding upon and inure to the benefit of any successor or assignee of all or substantially all of the Company's business or assets unless prohibited by law or regulation; however, this Agreement is not otherwise assignable without the mutual consent of the parties.

Section 4. Right to Manage the Plant

The Company has and will retain the right and power to manage the plant and direct the working forces, including the right to hire, discipline, suspend or discharge for just cause, to promote, demote and transfer its employees, subject to the provisions of this Agreement. Any claim that the Company has exercised such right and power contrary to the provisions of this Agreement may be taken up as a grievance, subject to Article 3 as such Article is applicable to the particular C.E.G. involved, by the party designated in Section 1 of this Article 1 as entitled to enforce the particular provisions alleged to have been violated.

Section 5. Strikes and Lockouts

For the duration of this Agreement, the Union agrees that it shall not cause or engage in, nor permit its members to cause or engage in, nor shall any employee covered by this Agreement take part in any strike, picketing, sympathy strike, slowdown or stoppage of work, and the Company agrees that it shall not cause or engage in any lockout. Either party hereto shall be relieved of this obligation in the event of failure of the other party to comply with an arbitration award made within the authority of this Agreement.

Section 6. Union Responsibility

The Union agrees with the objective of achieving the highest level of employee performance and efficiency consistent with safety, good health and sustained effort, and will not take, authorize, or condone any action which interferes with the attainment of such objective.

In the event of a breach by the Union of the provisions of Article 1, Section 5, of this Agreement, the Company may abrogate this entire Agreement. Any action by a Union Steward which is not authorized, concurred in, or supported by the Union, will not constitute a breach of this Agreement on the part of the Union for purposes of this Paragraph.

Section 7. Union Security

A. Conditions of Employment

- (1) An employee in a C.E.G. on the effective date of this Agreement shall be required as a condition of continued employment to tender Union dues for the duration of this Agreement.
- (2) Employees or persons entering a C.E.G. after the effective date of this Agreement shall be required, as a condition of continued employment, to tender an initiation/reinstatement fee where required and Union dues for the duration of this Agreement, on the 30th day following such entry into the C.E.G.

- (3) Any employee who fails to satisfy the conditions outlined above shall be given a 15 calendar day notice of his/her failure to comply with the above paragraphs, with a copy to the Company. If the condition is not corrected within the specified period of calendar days, the Company will terminate such employee within three working days, after receipt of written notice from the Union consistent with federal and state law.

B. Initiation Fee

The term "initiation fee" as used in this Section 7, shall include original initiation fees or reinstatement fees of employees rehired by the Company, without seniority, when such employees are reinstated in or rejoin a Local Union; but neither "Union dues" nor "initiation fee" shall include fines, penalties or assessments.

C. Dues Deductions

The Company will deduct from wages and turn over to the appropriate Local Union, initiation fees and/or Union dues of each employee who individually and voluntarily authorizes the Company in writing to make such deductions. Such deductions shall be made in accordance with the following provisions:

- (1) Such deductions shall be made only in accordance with instructions upon authorization cards which shall be in a form mutually agreed to between the Company and the particular Local Union. To be effective, such authorization cards shall be delivered by the Local Union to the Payroll Department of the Company. Such authorization shall be irrevocable for a period of one (1) year from their effective date, or the termination of the Agreement, whichever occurs sooner.
- (2) Deductions for Union dues, or reinstatement fees, as provided above, shall be made from the employee's paycheck for each pay period in the amount and from the number of such checks as authorized by the employee on the authorization card.
- (3) In the case of a new employee, dues plus initiation fee will be collected during the first pay period following conclusion of the employee's 30th calendar day of employment. Subsequent dues deductions will be made during each pay period.
- (4) Deductions for the above referenced Union dues shall be made from the employee's paycheck for each pay period in the amount authorized by the employee on the authorization card. In the event a deduction for such dues is not made on one or more consecutive regular payroll deduction dates, due to lack of earnings or insufficient earnings by the employee, or clerical error, on the next pay period that the employee has sufficient earnings, or upon successive pay periods, if necessary, such deduction(s) shall be made. No more than one pickup will be collected in any week.
- (5) The Company's obligation to make such deductions shall terminate in the event the employee ceases to be an employee in the C.E.G. at which employed when the authorization was executed, or upon receipt by the Company of written revocation by the employee of the payroll deduction authorization.

- (6) If a dispute arises in connection with the application of this Section 7 and a settlement is not reached between the Labor Relations Department of the Company and the Union, such dispute shall be referred to arbitration without pursuing intervening steps in the grievance procedure.

D. New Employees

Consistent with recognition of the Union as exclusive bargaining agent of employees as set forth in the Agreement, the Company, on the first day of employment shall give each new employee a copy of the Agreement. The Company shall allow each employee to meet with his/her Business Representative as part of his/her new employee orientation. It is understood that the Union can cover the following topics:

- (1) The history of the IAM
- (2) The employee's responsibilities in an industrial environment, and
- (3) The privileges afforded an IAM Member.

The Union's presentation will occur at the discretion of the Company on the scheduled orientation date. The union will be notified by the Company the Friday before a scheduled orientation.

Section 8. Separability

Any portion of the Agreement which is rendered invalid by legislation or decree of a court of competent jurisdiction shall not invalidate the remaining portions of such Agreement.

Section 9. Security Regulations

The Union recognizes that the Company has security agreements with the Government and agrees that nothing contained in this Agreement is intended to place the Company in violation of such security agreements.

In the event that the U.S. Air Force, U.S. Navy, or other government agency duly concerned with Lockheed Martin Corporation security regulations advises the Company in writing that any employee is restricted from work on or access to classified information and material, the Union will not contest such action as the Company may take pursuant to such advice to comply with its security obligations to the Government.

It shall be the responsibility of an employee to submit, when required, the necessary paperwork for a clearance or access within a reasonable period of time.

In the event any such government agency, following the taking of such action, advises the Company in writing that such an employee is no longer restricted from work on or access to classified information and material, the Company promptly shall reinstate such employee, with seniority, to the same classification and rate of pay held at the time such action was taken, subject to the applicable seniority provisions of the Agreement, if such employee promptly applies for such reinstatement. At such employee's request, the employee, with seniority, to the same classification and rate of pay held at the time such

action was taken, subject to the applicable seniority provisions of the Agreement, if such employee promptly applies for such reinstatement. At such employee's request, the Company will join such employee and/or the Union in applying to the appropriate government agency for restoration by the Government of lost pay.

Section 10. Sole Agreement

This Agreement, when accepted by the parties hereto, shall constitute the sole Agreement between them, except for the agreements between the parties with respect to a retirement plan, savings plan, basic benefit plan and agreements related thereto, and certain letters of understanding dated the effective date of this agreement. All letters of understanding, coded and uncoded, dated prior to the effective date of this agreement are null and void, except letters agreed to in the proposal ratified on **March 5, 2023**.

Section 11. Apprenticeship Agreement

Any apprenticeship agreement shall be the subject of a separate agreement between the Company, the Union and the **applicable** State Apprenticeship Council.

Section 12. Non-Discrimination in Employment

- A. Union membership or legitimate Union activity will not jeopardize an employee's standing with the Company or opportunity for advancement.
- B. The Company and the Union agree to use their best efforts and cooperation to comply with government laws dealing with discrimination and harassment in employment. The Company agrees to provide equal opportunity for employment and advancement to all qualified persons and there shall be no discrimination by the Company or the Union with regard to rate of pay or with respect to the application of the terms of this Agreement, due to, race, ethnicity, color, religion, national origin, age, sex, pregnancy, disability – mental or physical so long as the essential functions of the job can be performed with or without reasonable accommodation, ancestry, sexual orientation, gender identity or expression, marital status, family structure, genetic information, or veteran status.

**Section 13. Non-Bargaining Unit Employees Performing Bargaining Unit Work
(See coded letter E-10)**

It is the intent of the Company that non-bargaining unit personnel shall not perform work normally performed by employees in the bargaining unit except in the following types of situations: (1) in the instruction or training of employees; (2) in emergency or critical conditions, in order to prevent injury to employees or damage to Company or customer property or equipment; (3) in circumstances where technical or scientific personnel perform duties that are a necessary part of the procedures they must follow in order to carry out their job function.

The Company will use its best efforts to ensure that the terms of this provision are understood and applied throughout the Company in keeping with the intent herein.

Section 14. Maintenance Subcontracting

The Company agrees that it will not subcontract maintenance work to be done on Company premises when the work operations involved have normally been performed by bargaining unit employees, except in the following instances:

- (1) Where peculiar skills or specialized equipment are involved which are not available within the Company.
- (2) Where short-term or peak requirements necessitate the need for additional assistance because of an insufficient number of employees then available possessing the necessary maintenance skills to perform such work operations within the time required.
- (3) Where unusual or one-shot jobs are required which are not usually performed by the Company.
- (4) Where the volume of work on any particular job precludes the possibility of its completion within scheduled time limits.
- (5) Where it would be more cost-effective. However, the Company agrees that the subcontracting of any such maintenance work, where it would be more cost-effective than utilizing Lockheed Martin Space personnel under the provisions of this Section 14, will not result in the surplus or layoff of any employee within any classification that presently performs such work.

The application of this section shall be reviewed at the request of either party. Such review will be performed by a management representative from the Facilities organization, a Labor Relations Representative, a union steward, and union business representative. Additional parties may participate upon mutual agreement.

Section 15. Machinists Non-Partisan Political League

The Company will deduct from the employee's wages and turn over to the Treasurer of the Machinists Non-Partisan Political League (MNPL) contributions by any employee, who

desires to make such contributions to said MNPL and who individually and voluntarily authorizes the Company in writing, on an authorization form mutually agreed to between the Company and the Union, to make such deductions. All funds so deducted shall be forwarded monthly to the Treasurer of the MNPL as soon as reasonably possible after the end of each month in which deductions are made, accompanied by a record stating the name of employee, social security number, and amount contributed and so deducted.

(1) Such deductions shall be made in accordance with instructions on said authorization cards which have been delivered by the Union to the Payroll Department of the Company.

(2) Such deductions shall be made each week from the employee's pay check for that week while an employee, as defined in Article 2, Section 1, of said Agreement.

This Section 15 shall be terminated in the event cognizant administrative authority determines that the cost of implementing the withholding procedure for the MNPL program must be borne by the Union unless the Union agrees to bear such costs.

**ARTICLE 2
UNION-COMPANY RELATIONS AND EMPLOYMENT CONDITIONS**

Section 1. Union Stewards

A. Number of Stewards (See coded letters D-16, E-1 and E-18)

(1) As designated by the Local Union, there shall be Union Stewards for each shift, in each department in accordance with the following:

Number of Employees	Maximum Number of Stewards	
	Group	Senior
1 - 49		1
50 - 75	1	1
76 - 125	2	1
126 - 175	3	1
176 - 225	4	1
226 - 275	5	1
276 - 325	6	1 etc.

(2) In circumstances such as may arise where a department is decentralized or where there are varied day shift hours or workweeks, the number and location of stewards may be adjusted by mutual agreement.

(3) In the event there are more Union Stewards on a shift in a department than are provided for in this Section, the Company shall furnish the Local Union a list of all stewards where the surplus exists and the Local Union shall promptly notify the Company in writing of those employees who are to remain as stewards. Should the Local Union fail to notify the Company within four (4) working days after receiving Company notification, the Company will reduce the number of Stewards by inverse seniority, first by elimination of Group Stewards, and then by elimination of Senior Stewards, if necessary.

B. Selection, Status, and Responsibility of Stewards

(1) Each steward must have acquired seniority and must be an employee, regularly assigned to work in the same department and on the same shift as the employees he/she represents.

(2) As necessary, at a time mutually agreed upon, the Company shall permit employees to vote for or endorse stewards on Company property during working hours, in accordance with agreed upon rules and regulations.

(3) It is agreed that since each steward has a regular work assignment to be performed, contacts, as provided herein, will be no more frequent and no longer than the matter for discussion reasonably requires. Where necessary, a steward's work schedule or assignment will be adjusted, insofar as is practical, to allow for work time off to transact Company-Union business specified herein.

When necessary, stewards will be permitted to take time off from work, without loss of pay, for the following Company-Union business:

- a. Senior Stewards and Group Stewards will be permitted to take up to one-half hour of the shift, or up to two and one-half hours per week at a time mutually agreed upon between the Senior Steward and the Department Head (normally the last half hour of the shift), to contact each other and to contact employees who have complaints or grievances.
 - b. Senior and Group Stewards will be permitted to discuss within the department with an authorized Union Business Representative employee complaints or grievances or matters arising out of the application of the Agreement.
 - c. Steward activity will be confined to discussion of actual or potential grievances or complaints arising out of application of this agreement.
 - d. When it is necessary for a steward to leave his/her immediate work area, he/she shall first request permission from his/her immediate supervisor. Such request shall not be unreasonably denied.
 - e. Senior and Group Stewards will be permitted time off to discuss complaints, grievances, personnel changes, or other matters affecting Bargaining Unit personnel with the Department Head. The Department Head and the appropriate Stewards shall, whenever there are such matters to discuss, meet once each week at a mutually convenient time and place.
- (4) The Company shall not transfer a steward from one department to another or one shift to another without concurrence of such steward provided the steward is competent to perform the work remaining within the classification, on the shift and in the department. A steward shall not be transferred from the geographical location of the main group for which originally selected unless he/she possesses a needed skill which is not otherwise available in the main group.
- (5) The Union shall notify the company in writing of a steward's selection. Company recognition of that steward shall be effective on the first Monday following receipt of such notice by the Company.
- (6) In the event a Union Steward handles the responsibilities as steward improperly, the matter will normally, through Labor Relations, be called to the attention of the affected Business Representative, in order that the Business Representative may take appropriate corrective measures. However, should the Company in any instance elect to take immediate disciplinary action, the Union will be promptly advised.

C. Base Stewards

Section 8. Competitiveness and Engagement Committee

A. Purpose

The purpose of this Committee is to provide a forum, based upon a foundation of mutual respect, shared goals, and a common mission, for the Union and Company to work together as partners to gain the competitive edge for Lockheed Martin Space, and to review employment related topics impacting the bargaining unit, including but not limited to, employee engagement. The intent of such meetings is also to achieve continuous communication and improvements on two-ways lines of communication at all levels of management, the union, and the employees. The parties' goal by continuing accomplishment of these objectives is to help improve the overall performance of the business, satisfaction of employees, and job security for employees while enhancing the working relationship between the parties. This Committee will have multi-faceted consideration to include, but not limited to, those listed below.

B. Responsibility

- (1) Understand key issues, goals and objectives of the Company.
- (2) Understand employment related topics raised by either party.
- (3) Continually identify and consider ideas to enhance the growth, agility, culture, flexibility, efficiency, stability and growth of the workforce. (Potential items may include labor rates, further job consolidations, increased job versatility, and solutions to help Space compete commercially).

- (5) Promote job satisfaction and help the business grow, providing security, fair and equitable reward and recognition for all employees.
- (6) Ensure continuous process improvement through employee involvement fostering employee satisfaction.

C. Committee Membership

Each C.E.G. will have its own Committee. The parties will mutually agree to the size of the Committee for each C.E.G., which shall include an equal number of Union and Company representatives, locally. Each part shall appoint its agreed-upon number of representatives and notify the other part in writing of said appointments, including any changes that may occur from time to time. Ad hoc representation may be required for special topics or situations as determined by the Committee. Company committee members will be composed of senior level management from appropriate functional areas, including a representative from Labor Relations, or delegate, who will serve as Co-Chairperson. Union committee members (which includes the base steward) will be composed of the LRC committee, including a Business Representative (or designee) and a Co-Chairperson as designated by the Union.

ARTICLE 3

DISCIPLINE & DISCHARGE

Section 1. Purpose

To reduce absenteeism, establish reasonable standards for employee attendance, provide a uniform means to enforce these standards, and provide recognition for good attendance.

Section 2. General

- A. Regular attendance by each employee is essential so that Company work may be performed on schedule.
- B. This Attendance Procedure provides a uniform guide for management's use in monitoring attendance and taking appropriate action.
- C. Management judgment must be exercised in applying these standards. Consideration must be given to the facts in each employee's case before taking disciplinary action. Cases which the organization manager believes warrant deviation from the disciplinary sequence in Section 4 (D) below, should be reviewed with the Labor Relations Director.

Section 3. Attendance Procedure

- A. The following attendance codes are infractions (except as noted) for purpose of this Appendix: B, N, O, S, or T.
 - (1) A maximum of three periods of B code absences per calendar year shall be excused if preceded by a medically authorized W code, as specified in Section 3(D) below, or doctor's verification is received for the days absent. Such B code absences are to be entered on the KARDEX as "B1".
 - (2) In instances where an employee's absence or tardiness is caused by a verified circumstance such as an Act of God, fire or flood established by the Company, the Labor Relations Representative or Human Resources Representative will inform Supervision that such absence or tardiness will not be recorded on the employee's KARDEX.
 - (3) Paid sick leave days of absence will not be attendance infractions.
- B. Any one continuous period of B or O codes is considered as one infraction.
- C. Reasonable allowance for part-day absence for necessary medical/dental care is provided when an employee submits written verification of doctor and dentist visits. Such part-day absences are coded W for a maximum of six within a calendar year. Beyond six, each is documented as a short-time infraction (code S).

The Company will review cases where mitigating circumstances may be present to determine if additional verified doctor or dentist visits should be excused.

- D. Employees who become ill after reporting to their work station and starting their shift may be granted an approved W code at the discretion of supervision prior to leaving the plant. Such approval shall not be unreasonably denied.
- E. All absences must be reported, if possible, **prior to** the start of shift, to the supervisor or department office. At that time, the anticipated length of absence and/or expected return date should be explained. If unable to call personally, each employee should have someone call for them where possible.
- F. A reported absence is valid until the date of return specified by the employee or, if the return date is indefinite, for two working days. The third day of absence constitutes the first day of unreported absence.

Section 4. Discipline – Attendance

- A. Employees having combined attendance infractions as specified in Section 3(A), above, which exceed three (3) in the preceding three-month (or shorter) period are considered to have unsatisfactory attendance and are subject to progressive disciplinary action as set forth in Section 4(D) below.
 - B. When it is apparent that an employee's attendance infractions are approaching the unsatisfactory level for the first time, that employee should be counseled about the importance of regular attendance, and a "Q1" code is entered on the employee's KARDEX.
 - C. Prior to imposing discipline, the complete attendance record of the employee should be reviewed and the nature and frequency of infractions considered.
 - D. Progressive disciplinary action for unsatisfactory attendance, as specified in Section 4(A), will be imposed in the following sequence:
 - (1) Verbal Criticism - recorded on KARDEX (Q2). The employee must be advised of action in writing.
 - (2) Employee Performance Notice - formal written criticism (Q3). Employee must receive copy of the notice.
 - (3) Second Employee Performance Notice - formal written criticism (Q3). Employee must receive copy of the notice.
- NOTE:** *When it is apparent that an employee's attendance infractions may result in dismissal, the employee will be counseled by management in order to ensure the employee has a clear understanding of the severity of the situation and the imminent possibility of dismissal.*

(4) Dismissal

NOTE: *An employee may be subject to termination depending upon the circumstances involved without regard to the progressive discipline sequence if absence from work becomes excessive to the point that the individual has become unemployable or whenever an employee's attendance is considered unsatisfactory even after applying aforementioned standards set forth above.*

E. The following criteria are guides to the administration of disciplinary action:

- (1) Each month, normally during the first week, each employee's KARDEX record is examined by the organization.
- (2) When an employee's attendance infractions exceed three (3) within any three months (or shorter) period, that employee's record must be reviewed for possible disciplinary action.
- (3) Once discipline has been issued for specified attendance infractions, those infractions cannot be counted in determining the need for subsequent discipline. A new three-month period begins immediately after the issuance of discipline.
- (4) When an employee who has received disciplinary action makes a serious attempt to improve his or her attendance record, the following recognition shall be given for the effort.
 - a. If the employee compiles three or fewer attendance infractions in the four-month period following receipt of disciplinary action, that disciplinary action shall be cancelled insofar as issuance of subsequent disciplinary action is concerned (i.e., the disciplinary action remains in the record but is not considered in the event of subsequent unsatisfactory attendance).

Example: An employee has been given Verbal Criticism followed by the first Employee Performance Notice (EPN). In the four-month period following receipt of the EPN, only three attendance infractions occur. Two months later the employee compiles four infractions; the discipline issued will be an EPN.

- b. If the employee compiles three or fewer attendance infractions in any two consecutive four-month periods following receipt of disciplinary action, then two steps of prior discipline shall be cancelled (i.e., the disciplinary action remains in the record but is not considered in the event of subsequent unsatisfactory attendance).

Example: Referring to the example cited above, the Verbal Criticism and the EPN would not be considered in the event the employee's attendance subsequently becomes unsatisfactory.

F. Absentee terminations

- (1) A five-day unreported absence (or four-day for employees on a 4x10 workweek) on scheduled workdays without a reasonable explanation for failure to report shall be considered a resignation.
- (2) If an employee's medical absence continues for more than 10 consecutive workdays, medical documentation must be submitted to the Company certifying the employee's absence. An employee who fails to provide such documentation may be terminated (unless a reasonable explanation is offered for not complying).
- (3) To effect the termination of an absent employee under this procedure, a registered letter will be sent to the employee's last known address of record.

Section 5. Commendation

Employees with six months of perfect attendance should receive a Commendation Notice. Perfect attendance is defined as no absences, tardiness or short-times except those caused by military duty, Union business, jury duty, vacation or holidays.

**Section 6. Employee Grievances – General
(See coded letters E-1)**

- A.** The term "grievance" (other than "Union grievance") as used in the Agreement shall mean a written claim by an employee that the Company, at the time such written claim is filed, denies to that employee a right given to him/her under a specific provision(s) upon which the claim is based.
- B.** The Company shall not confer with an employee with respect to a grievance filed by him/her without notifying the Senior Steward and giving him/her an opportunity to be present.
- C.** Failure of the Local Union, the Senior Steward or the employee to proceed within any time limit set forth in this Article shall constitute a waiver of the grievance. Failure of the Company to act within any time limit set forth herein shall entitle the Local Union to proceed to the next step. However, time limits may be extended by mutual agreement.
- D.** If a retroactive pay adjustment based upon a change in classification is involved in a grievance settlement, such adjustment shall not be made retroactive prior to the date the grievance was presented to the Department Head, unless the employee, the Union Steward(s) and the supervisor discussed the complaint as provided in Section 7 of this Article. In that event, the adjustment may be made retroactive to the date of that discussion, however in no event shall the adjustment be retroactive prior to thirty (30) calendar days before the grievance is filed.
- E.** Grievance forms and grievance answers will not be filed in the employee's departmental or personnel folders, except when, upon mutual agreement between the

Union Business Representative (except at C.E.G. D where the Base Steward and Union Labor Relations Committee Chairperson may approve) and the Labor Relations Representative, a grievance settlement provides future and/or additional instructions regarding the employee's rights/case; further, such items previously placed in such folders shall be removed as folders are reviewed.

- F. All grievances shall state: 1) the nature of the grievance, 2) the article(s) of the Agreement alleged to have been violated by appropriate reference, and 3) the remedy requested. If a grievance involves a job classification matter, the employee is also required to submit a written statement of the specific duties on which the grievance is based.

Section 7. Grievance Procedure for Employees on the Active Payroll (See coded letters D-16 and E-1)

The procedure for processing a grievance or complaint for an employee on the active payroll shall be as follows:

A. Pre-Step 1 Grievances/Complaints

It is the intention of the parties that employee grievances/complaints regarding wages, hours or working conditions be resolved through oral discussion between the employee, their supervisor or manager, and the Senior or Group Steward. Prior to submission of a written grievance, the employee must attempt to resolve the grievance/complaint through such oral discussion. The supervisor or manager shall give their response in writing **within seven (7) calendar days**. Any resolution at the Pre-Step shall have no precedential value.

B. Step 1 Grievances

- (1) An employee who wishes to present a grievance shall state his/her grievance in writing on an electronic form mutually agreed upon by the union and the company. The grievance shall be delivered to the department head, either by the employee or his/her senior steward, within thirty (30) calendar days after the occurrence upon which the grievance is founded. The Holiday Shutdown period shall not count toward the thirty (30) day window for filing a grievance.
- (2) The responsible Department Head and Senior Steward or applicable Base Steward shall meet at a mutually convenient time and shall use their best efforts to settle the grievance. The Labor Relations Representative or Human Resources Representative may attend and act as an advisor only. The Senior Steward may ask one of his/her Group Stewards to be present at this meeting if he/she so desires. Subsequent to the first step meeting, but within seven (7) calendar days after receipt of the grievance, the Department Head shall deliver a written answer to the Senior Steward. If a settlement has not been reached, the Local Union may proceed to the next step of the grievance procedure within fourteen (14) calendar

days after receipt of such written answer. Any resolution at Step 1 shall have no precedential value.

- (3) A Grievance Form which is not considered eligible for processing as a grievance because it lacks specificity or otherwise fails to meet requirements set forth in the grievance procedure, will be returned to the Senior Steward with a written explanation on the grievance form regarding the reasons therefore. The Union shall have fourteen (14) calendar days after receipt by the Steward to process such grievance, including necessary specificity, to the next Step of the grievance procedure.
- (4) The department's findings regarding a grievance will normally be discussed by the Manager with the Senior Steward before the Manager formulates a position and presents a written reply on the grievance form. During the discussion it is expected that all pertinent facts known to the Manager and to the Senior Steward will be disclosed.
- (5) Grievances or complaints arising from the application of Article 1, Section 13 of the Agreement (Non-Bargaining Unit Employees Performing Bargaining Unit Work) will normally be processed by the alleged violator's Manager. By mutual agreement the matter may be processed by the complainant's Manager.

C. Step 2 Grievances

- (1) The unsettled grievance shall be delivered to the Labor Relations office by the Union and listed on the Open Grievance Status Report according to date received. A priority status will be assigned to facilitate timely processing of the issue. Representatives of the Company and the Local Union shall meet and use their best efforts to reach a settlement. The Company shall deliver its answer at Step 2 in writing to the Local Union within twenty-eight (28) calendar days after the date of the receipt by the Company at Step 2; within twenty-eight (28) calendar days from the date the grievance was filed in the case of a "Union Grievance." If a settlement is not reached, the Local Union, within seven (7) calendar days after receipt of the Company's written answer, may proceed in accordance with Step 3; however, complaints may not be advanced beyond Step 2. Non-precedent settlements at Step 2 or higher shall only be made by mutual agreement.

D. Step 3 Grievances - Labor Relations Committee

- (1) The Union shall deliver a written notice to the Labor Relations Office listing the grievances they desire to present to the Labor Relations Committee, no more frequently than one (1) time per month. Once the grievances are presented to the Company, the grievances will remain in Step 3 until presented to the LRC. The grievances shall be heard within thirty (30) calendar days of receipt of such notice by the Company. The parties may modify the time limits or the frequency of LRC meeting by mutual agreement.
- (2) Union representation at the LRC shall consist of the following:

- (a) C.E.G. B-Sunnyvale: Union representation shall consist of four (4) employees of the C.E.G. and the Business Representative of the Local Union or an authorized representative and another Union Official.
- (b) C.E.G. C – Santa Cruz: Union representation shall consist of two (2) employees of the C.E.G., of which one employee shall be designated as the alternate. Should the population in C.E.G. C reach more than one hundred (100) represented employees, the committee may increase by one employee however, only one committee member may be present at the Labor Relations Committee.
- (c) C.E.G. D – Vandenberg: Union representation shall consist of three (3) employees and an official representative of the IAM&AW, or an authorized credentialed representative
- (d) C.E.G. E – Eastern Range: Union representation shall consist of three (3) employees of the C.E.G., and the Business representative or an authorized representative and, if available, another IAM&AW or Local Union official.

- (4) The decision of the LRC shall be considered final if the Union representatives and the Company representatives concur. If the LRC fails to settle a grievance, either party may proceed in accordance with Step 4 of this Article.

E. Step 4 Grievances - Arbitration Procedure

If agreement cannot be reached in Step Three, the grieving party may submit its written intent to arbitrate within forty-five (45) calendar days following the receipt of the Step Three response. Failure to do so shall constitute a waiver of the right of the appealing party to resort to the arbitration process in which case the grievance shall be deemed resolved with the Step 3 disposition.

- (1) Any grievance certified to arbitration which is not scheduled within six (6) months of the certification of the arbitration will be considered closed and is ineligible for arbitration consideration, unless the parties mutually agree to extend the time period for scheduling the arbitration, or the Arbitrator is unavailable during the time period.
- (2) The Party moving to arbitration shall immediately request, from the Federal Mediation and Conciliation Service, a list of at least seven (7) arbitrators who are members of the National Academy of Arbitrators, from the respective region. Upon receipt of the FMCS panel of arbitrators listing, the parties shall meet within seven (7) calendar days and shall alternatively strike a name from the list until only one (1) name remains and, that person shall be designated by the parties as the arbitrator. The party first to strike shall be decided by lot and alternate thereafter.
- (3) The arbitrator shall not have the power to add to, subtract from, or modify any of the terms of this Agreement, nor to substitute his/her discretion for

that preserved in the Agreement. The arbitrator shall be bound entirely by the records presented in the form of evidence presented at the hearing and this Agreement. The decision of the arbitrator shall be final and binding upon the parties and shall be rendered within ninety (90) calendar days of the hearing. The arbitrator shall have the authority to decide and rule on alleged violations of the National Labor Relations Act raised through the grievance process as a result of a deferral of an unfair labor practice charge by the National Labor Relations Board to the grievance process.

- (4) In consideration of cases involving employees off the active payroll and in cases involving pay rates, the arbitrator's authority will be limited to award no more than twenty-four (24) months' pay or pay adjustment in remedy of any grievance. Neither party shall have any right to discovery during the arbitration process, with the exception of rights otherwise granted to the Union under the National Labor Relations Act.
- (5) The compensation and expenses of the arbitrator and meeting room costs shall be borne equally. Costs incurred by the respective parties for their witnesses shall be borne by the respective party, and the cost of any report or transcript shall be divided equally only if furnished by mutual consent.

Section 8. Grievance Procedure Concerning Discharge, Layoff, Termination, Recall to the Payroll and Any Other Grievances Involving Reinstatement to the Payroll

The procedure on grievances arising out of discharge, termination under layoff procedure, recall to the payroll and other issues involving reinstatement to the payroll shall be as follows:

The employee shall deliver the grievance to the Local Union which may submit it to the Labor Relations or Human Resources office of the Company and proceed as set forth in Step 2 of Section 7 of this Article. Such grievance shall be delivered to the Labor Relations or Human Resources office within **fourteen (14) calendar** days following the date of the occurrence as described above upon which the grievance is founded or date of receipt of notice in the case of a by-pass while on layoff, otherwise such grievance shall be deemed to be waived.

An employee who voluntarily terminates in lieu of discharge may file a grievance. Such grievance will be considered a discharge grievance for time limit purposes.

Section 9. – Discipline – Professional Conduct and Work Performance

For all disciplinary matters other than attendance, the parties agree that the following disciplinary procedures are to be used. Disciplinary actions shall be administered into two categories: professional conduct and work performance. No employee shall be disciplined without just cause. Just cause related to work performance may include, but shall not be limited to, willful neglect of assigned duties, non-performance of assigned duties, or demonstrated incompetence in the performance of assigned duties. While the

parties agree that in administering progressive discipline the Company shall normally follow the steps below, it is understood that the Company may skip steps based on the nature and severity of the violation.

- (1) Counseling – delivered by management and recorded in the Employee’s record.
- (2) Verbal Criticism – delivered by management and recorded in the Employee’s record.
- (3) Employee Performance Notice (EPN) – delivered by management and Labor Relations with a copy given to the Employee and the Union.
- (4) Employee Performance Notice (EPN) with Suspension – without pay delivered by management and Labor Relations with written documentation by management given to the Employee and the Union Representative (prior to the suspension being issued, the Company will notify the Union).
- (5) Discharge – prior to the discharge being issued, the Company will notify the designated Union representative.

The Company will have up to thirty (30) calendar days after Management becomes aware of the occurrence to complete the investigation and to issue discipline. The timeline to investigate and issue discipline may be extended by mutual agreement.

It is understood that the Company may suspend an Employee without pay pending investigation of alleged misconduct which may lead to the issuance of a disciplinary action in the form of a suspension without pay or discharge, provided the unpaid suspension shall be limited to a maximum of one (1) week, with additional days of paid suspension as necessary, and that the Employee shall be reinstated and paid for the missed scheduled work time should the Company decide not to take disciplinary action against the Employee as a result of the investigation.

All disciplinary actions, as outlined in this Section, will be recorded in the employee’s personnel records. Any disciplinary action including Counseling, Verbal Criticism, and Employee Performance Notice (EPN) will be considered null and void for purposes of disciplinary action if the employee did not receive an additional disciplinary action in the same category within twelve (12) months of the issuance of the discipline. An Employee Performance Notice with a Suspension will be considered null and void for purposes of disciplinary action if the employee did not receive an additional disciplinary action in the same category within twenty-four (24) months of the issuance of the discipline.

Section 10. Union Grievances

The term "Union grievance" used herein shall mean any written grievance which the Union may have with the Company pertaining to the application or interpretation of this Agreement except Article 1, Section 4 [Right to Manage the Plant]. Grievances shall only be recognized or processed based upon facts or events which occurred within thirty (30) calendar days of when the employee, the Union, or the Company knew or by

reasonable diligence should have known of the occurrence. **Union grievances as defined by this section shall proceed immediately to Step 2 of the grievance procedure.**

Section 11. General Principles

- A. Representatives of either party shall not make an offer for a grievance settlement or accept an offer unless the individual has the authority to make or accept such offer.
- B. The union may withdraw a grievance without prejudice to its position unless such grievance has been referred to arbitration.
- C. A good faith grievance settlement cannot be unilaterally modified, amended or cancelled. All good faith grievance settlements shall be binding upon the parties, unless otherwise mutually-agreed or unless set aside by law.
- D. Grievance settlements made on a non-precedent basis shall not be used by either party (unless otherwise mutually agreed) as future evidence, except that non-precedent grievance settlements may be used by either party in future situations involving the same grievant.

ARTICLE 4
EMPLOYEE PLACEMENT
(See coded letter B-13)

Section 1. General Seniority Provisions

A. Basis of Seniority

- (1) An employee's seniority shall be based on the length of service with the Company, subject to the conditions in this Article. Subject to the provisions of Subsection B (1) of this Section governing establishment of seniority, an employee's seniority shall date from the date the employee starts work after original hire by the Company, except that a rehired employee's seniority shall date from the date the employee starts work after the latest rehire by the Company. Seniority shall not be carried from other facilities of the Lockheed Martin Corporation except as specifically provided in this Agreement; however, seniority credit for service in a subsidiary corporation or other Division of Lockheed Martin Corporation granted to employees and persons prior to the date of this Agreement shall be continued in effect.
- (2) A part-time employee shall be entitled to seniority in the same proportion that time regularly worked by such part-time employee bears to the time regularly worked by a full-time employee. Part-time employees shall be eligible for health care benefits upon payment of 40% of the health care premium after ninety (90) calendar days of continuous service time from the date the employee starts work after hire or rehire without seniority.
- (3) A full-time employee may be assigned as a part-time employee for up to 120 calendar days by mutual agreement between the Company and the Union and will retain full-time employee placement and layoff rights.

B. Probationary Period

- (1) One-Hundred and twenty (120) calendar days after an employee reports to work at the Company, the employee shall acquire seniority rights there, and seniority shall be retroactive to the starting date. During the first one-hundred and twenty (120) calendar days of employment (except for part-time employees who shall be required to work two-hundred and forty (240) calendar days), the employee shall be considered probationary, and retention as an employee shall be entirely within the discretion of the Company. On matters other than discharge or layoff, such employee shall be entitled to the same representation as other employees. By request of the Company, an employee's probationary period may be extended by mutual agreement of the Company, the Union Business Representative (Base Steward for C.E.G. B, C, D, or E), and the probationary employee. Such extensions apply solely to the provisions of this paragraph herein.

The Union will not unreasonably oppose extension of the probationary period where, because of lack of a security access, management has been unable to evaluate an employee on the work for which they have been hired.

- (2) If an employee is laid off during the employee's probationary period and subsequently rehired at the Company where laid off, any seniority accumulated there during the twelve (12) months immediately preceding the rehire date shall be counted toward the probationary period. If such service is not continuous, the employee's seniority date shall be established as of a date one-hundred and twenty (120) calendar days prior to the completion of the probationary period.

C. Seniority on Transfers and Rehires

- (1) An employee shall retain seniority in the following instances:
 - a. On any voluntary or operationally required transfer/movement between C.E.G.s.
 - b. Layoff from one C.E.G. and rehire into any C.E.G. while such employee has maintained recall rights at the C.E.G. from which laid off.
- (2) An employee, transferred from a classification covered by this Agreement to an hourly classification represented by another bargaining agent (which is not the IAM&AW) and thereafter transferred to a classification covered by this Agreement, shall have the seniority which had accumulated on the date of transfer to such other unit.
- (3) A person hired within a salaried classification or into an hourly classification represented by another bargaining agent (which is not the IAM&AW) or into a non-represented hourly classification and thereafter transferred into a classification covered by this Agreement, shall have seniority from the date of transfer.
- (4) A person who has acquired seniority in accordance with the provisions of this Agreement and who was or is transferred to a salaried or non-represented hourly classification within the Company, shall continue to accumulate seniority. Such seniority shall apply in case of transfer to a classification covered by this Agreement.
- (5) An employee promoted to a supervisor or salaried position from the bargaining unit will be considered by the Company for return to the bargaining unit provided the employee has not accumulated more than a total of **one hundred twenty (120) calendar days** as a supervisor or salaried employee.

D. Code 'D' Rehires

An employee who was terminated from a plant of Lockheed Martin Corporation or from a subsidiary of Lockheed Martin Corporation and who, thereafter, was or is hired by the Company shall acquire seniority on the same basis as a newly hired employee. However, such an employee who either: (1) begins work at the Company within thirty-one (31) calendar days beginning with the day after the employee's termination from such plant or, (2) begins work at the Company during the period the employee is eligible for recall at such plant shall be designated as a Code 'D' rehire and receive the following benefits:

- (1) Such employee shall not be required to serve the probationary period provided in Subsection B of this Section if the employee has previously held the classification at such subsidiary or plant. All other rehires must serve a one-hundred and twenty (120) calendar days probationary period for retention purposes only.
- (2) For the sole purpose of determining the length of vacation with pay, such employee's seniority shall be based on the employee's Corporate service date.
- (3) Such employee shall be entitled to elect, without serving a new waiting period, the same type (employee or employee and dependent) of group insurance coverage as in effect at the time of termination or layoff. Such employee's right to additional group life insurance benefits is subject to provisions of Article 6, Section 1-5 hereof. Employees who are rehired following retirement will be designated as Code 'D' Rehires if they are rehired within sixty (60) months after their date of retirement.

E. Code 'H' Rehires

An employee who voluntarily terminates or is laid off after having accumulated two (2) or more years of seniority at any plant or subsidiary of Lockheed Martin Corporation and who, after the effective date of this Agreement, is hired by the Company and serves a one-hundred and twenty calendar days probationary period, shall be designated a Code 'H' rehire and receive the following benefits:

- (1) Such employee shall be entitled to group insurance coverage without serving a waiting period, except where the provisions of the health insurance plan may otherwise provide.
- (2) Such employee shall be eligible for participation in the Savings Plan without serving a waiting period.

F. Restoration of Seniority

Except as provided above, seniority shall be restored only by mutual agreement of the Union and the Company. Consideration for restoration of seniority shall be given by the Business Representative, District 725, a Business Representative of the Union and the Manager of Labor Relations for the Company, and such mutual agreement shall be recognized only on written evidence of their mutual approval.

Section 2. Loss of Seniority

An employee shall lose his/her seniority if any of the following occurs:

- (1) Resignation. A five-day unreported absence (or four-day unreported absence for employees on a 4x10 workweek or 9/80 workweek) on scheduled workdays without a reasonable explanation for failure to report shall be considered a resignation.
- (2) Discharge for just cause.

- (3) Failure to retain place on recall list in accordance with the provisions of the Agreement, entitled, "Recall". Failure to report for work on the date designated by the Company or to furnish to the Company a reasonable excuse for failure to report.
- (4) Layoff from the active payroll for a period of sixty (60) consecutive months.

Section 3. Employee Placement
(See coded letters B-11 and B-16)

A. When Opening is Filled

An available opening shall be considered to have been filled when:

- (1) The Company makes a job offer to an employee or an applicant and the offer is accepted, or
- (2) Move action is initiated by a Job Action Request.

B. Priority in Filling Available Openings

(See coded letter C-6)

Available openings in a classification shall be filled by employees in the following categories in the order stated below:

- (1) Employees who are being downgraded from a higher-rated classification in lieu of layoff and who are scheduled for placement in the classification in which the opening exists.
- (2) Employees on the recall list of the classification in which the opening exists.
- (3) Employees eligible for promotion as provided in Section 4 of this Article.
- (4) Employees who volunteer for downgrade from one classification to another in a lower labor grade.
- (5) Employees requesting transfer from one classification to another in the same labor grade.
- (6) Employees requesting a shift transfer within a classification.
- (7) Part-time employees requesting placement in full-time positions.
- (8) Employees requesting transfer to one C.E.G. from another C.E.G. or rehire from layoff to a classification in which the employee has recall rights.

C. Placement Exclusive of Priority

Certain placements which may be made without reference to the placement priority provision are set forth in:

- (1) Paragraph D of this Section entitled "Placement of Employees in Lower-Rated Classifications",
- (2) Paragraph F of this Section entitled "Temporary Assignments",
- (3) Section 5 of this Article entitled "Transfer",
- (4) Section 8 of this Article entitled "Placement of Employees with Disabilities".

D. Placement of Employees in Lower-Rated Classifications by Mutual Agreement

- (1) Downgrading into classifications which have recall lists may be made upon mutual agreement of the parties for the following groups of employees, provided such employees have greater seniority than any employees on the recall list for such lower classification:
 - a. Physically limited employees who are unable to do the work of their current classification but are able to do the work of a lower-rated classification.
 - b. Employees who are unable to remain in a classification because of substantial personal hardship.
 - c. Employees who, after normal instruction, are trying to perform their job assignments but are unable to do so, and whose work records indicate that they would be satisfactory employees in a lower-rated classification.
- (2) In the event no job opening exists, an employee included in Paragraph (1) of this Subsection D, upon mutual agreement of the parties, may displace the least-senior of any less-senior employees in a lower classification if qualified to perform the work in such lower classification.

E. Job Openings

- (1) If the Company determines to fill a new or existing job within the Bargaining Unit, the Company will post the opening through a requisition on the Company's electronic job requisition website for a period of not less than seven (7) days. A list of local bargaining unit job requisitions will be made available to the Business Representative or delegate each week. Promotions from Trainee/Associate classifications do not need to be posted and can be done at the discretion of the leader, provided the employee satisfactorily met the requirements of the higher position.
- (2) Any employee interested in placement to a different job classification may apply to open requisitions on the Company's electronic job website. It is the responsibility of the employees to monitor job postings. Employees with a seniority date subsequent to the effective date of this Agreement, and one year of seniority or less, may only apply for promotion.
- (3) Bids submitted by eligible employees will be considered and evaluated by the Company in the filling of the job opening.
 - a) If it is determined by the Company that employees meeting the basic requirements for the position have bid to the opening, those employees' qualifications will be reviewed to determine which, if any, of those employees have qualifications meeting the requirements of the Classification as related to the duties of the specific opening. Accordingly, in the event more than one (1) employee is deemed qualified by the Company, the senior qualified employee shall be offered the position in accordance with Article 4, Section 3(b) [Priority in Filling Available Openings]. If other less senior qualified employees have applied but were not selected, the hiring supervisor

will notify such employees as to the reason within ten (10) calendar days of the decision in writing. Employees deemed unqualified for the position by the Company may meet with Labor Relations to discuss Management's decision.

b) If it is determined by the Company that no qualified employees have bid to the opening the Company will consider external applicants.

If a qualified employee is unable to bid on a position while the requisition is open, they will be given seven (7) calendar days from when the requisition is closed to bid, provided they can show the Company extenuating circumstances that prevented them from bidding for the position while the requisition was open.

- (4) Employees must respond to any offer of placement within two (2) working days.
- (5) It is understood that employees would like to know if they meet the basic requirements of certain classifications and qualifications related to the duties of specific positions in which they might be interested prior to opportunities coming available. Employees have the right to request from management, in writing or via e-mail with a copy to Labor Relations, a determination whether or not the employee meets the basic requirements of classification(s) they are interested in filling. After a review of the employee's qualifications and a meeting between the employee and his Manager or Supervisor, the determination whether or not the employee meets the basic requirements will be made in writing no later than fourteen (14) calendar days after the employee requests the determination. If the employee is determined to not meet the basic requirements, the employee will be notified of the necessary steps to meet the basic requirements.
- (6) Prior to filing a grievance regarding a disqualification, the employee must request and participate in a counseling interview with a Labor Relations representative, or their designee.
- (7) Physically limited employees who are on prolonged absence for medical reasons and are unable to perform the work of their current classification, but are able to physically perform the duties of other classification(s), may apply for open positions. All such requests will be considered/processed in accordance with the provisions of Article 4 Section 3 of this Agreement. A disqualification for a job opening will be considered as a grievance.
- (8) A probationary employee or employees classified as a Trainee/Associate may not bid on open positions.

F. Temporary Assignments

- (1) An employee temporarily assigned to a higher-rated classification to replace another employee who is absent for a short period of time due to vacation, illness, or similar reasons, shall be paid ten cents (\$.10) per hour above their normal base rate or the minimum of the higher-rated classification, whichever is higher, or in cases where the employee previously held the higher-rated classification, the same rate of pay as such absent employee, but not to exceed the maximum of such classification.

Such payment will be made upon termination, quarterly, or when the accumulation of hours total forty (40), whichever occurs first. Employees shall be provided documentation of such temporary assignment.

- (2) Temporary replacements will normally be selected from within the affected department when the required skills and qualifications are available.
- (3) Seniority will be a consideration in the selection of temporary replacements.
- (4) Such temporary assignment or reassignment shall not be considered as filling an opening under paragraphs A and B of this section.
- (5) Completion of a temporary assignment does not necessarily qualify an employee for that classification.
- (6) An employee temporarily assigned as a Lead, including a “training” Lead, shall be paid in accordance with Article 7, Section 5.

G. Leads

- (1) Selection or removal of leads, including temporary, shall be at the sole discretion of the Company, based on the provisions in (2) below.
- (2) Leads will be selected or removed within a department based on job-related criteria, including but not limited to, leadership ability, job knowledge, technical competence, education, experience, and interpersonal skills. Where, in the opinion of management, the candidates are substantially equal, seniority will be considered. Non-job-related considerations will not be used in lead selection or removal. Employees shall be provided documentation of such lead assignments including temporary leads.
- (3) It is understood that the provisions of this Section do not modify those provisions of Article 8, Section 1, Subsection B, (Interpretation and Application of Job Descriptions), which provide that any employee may assist in the training of another employee by giving assistance to another employee on work operations or giving guidance and instruction to any employee and do not provide for classifying as a Lead.

Section 4. Promotion

A. General

In selecting an employee for promotion to an available opening, the following standards shall apply:

- (1) Availability for release. Operational requirements will be considered insofar as they pertain to the release of an employee from the employee's present job. The Company will not unreasonably deny an employee a release for promotion.
- (2) Where ability, skill and efficiency are substantially equal, preference shall be given to the most senior qualified employee, within the applicable unit.

B. Promotion to Higher-Rated Jobs (See coded letter E-6)

Promotions to higher-rated jobs, except Lead, shall be made from among those employees who have **applied** for such higher-rated jobs provided such employees are qualified to perform the work.

Consideration shall first be given to those employees within the department where the opening exists plus employees outside the department who have at least forty-eight (48) months more seniority than those employees within the department. Consideration shall next be given to other employees with requests on file.

Employees with a hire date subsequent to the effective date of this Agreement and one year seniority or less may be considered for promotion to any job ahead of new hires.

**Section 5. Transfer
(See coded letter D-1)**

A. General

Transfers Within the C.E.G.:

- (1) A transfer for purposes of this Subsection A does not apply to promotion to higher-rated classifications or to downgrading to lower-rated classifications.
- (2) Transfers will be made on the basis of operational requirements of the Company, with first consideration being given to employees in the department where the opening exists, then within the next larger organizational unit, then within the Company.
- (3) The following placements may be made without reference to Priority in Filling Available Openings (Section 3 of this Article).
 - a. Operational requirements transfers within a classification.
 - b. Operational requirements transfers from one classification to another in the same Labor Grade, provided the employee so transferred possesses greater seniority than employees specified in Article 4 Section 3 B (1) and (2).

B. Operational Requirement Transfers and Loans-Within Contract Enforcement Group

- (1) Employee Notification of Lateral Transfer or Loan
 - a. The fundamental basis for the selection of employees to be transferred is "operational requirements". Written transfer requests filed by employees will be considered. The Company will give as much advance notice as possible to the employee and, upon request, the supervisor will furnish an explanation to the employee or Union the reasons for the selection. Any complaint regarding the alleged improper selection of an employee for transfer, which is not resolved as the result of informal discussion, may be processed through the second step of the grievance procedure.

- b. In some instances a number of available employees may be substantially equally qualified to handle jobs to be filled by transfer or loan. When time considerations permit, the Company will request volunteers from such group to fill the vacancies.
- c. An employee who is loaned from one department of a plant to another department of that plant will be given written notice **of such loan. Written notice shall be provided to the employee and Union at least seven (7) calendar days prior to the loan, where practicable.** Such loans will be for a reasonable period of time and any loan extended beyond ninety (90) calendar days will be reviewed by the next higher level of management. Any employee complaint regarding the duration of a loan may be processed through the second step of the grievance procedure.

(2) Shift Transfers

- a. Vacancies involving shift transfers will be filled in seniority order among qualified employees within the classification and department where the opening exists. First consideration shall be given to employees who have filed written requests with their manager within the preceding twelve (12) months and next by seniority among qualified volunteers.
- b. If an insufficient number of employees accept the transfer, the Company may then transfer the required number of qualified employees in inverse seniority first from the same classification from within the department, then within the next larger organizational unit and then within the Company.
- c. Consistent with the need for maintaining skills on the swing shift and with our ability to train new employees on that shift, available openings on the day shift will be filled by transfer of swing shift personnel who request such transfer.
- d. An employee who has been involuntarily transferred from one shift to another for sixty (60) calendar days shall, upon written request, be assigned to the former shift (within the department) assuming a less senior qualified replacement is obtained and the operational requirements are such that the transfer may be made, but in no event later than thirty (30) calendar days from receipt of such request unless there is no less senior qualified replacement (within the department) on the former shift.
- e. If an employee is required to transfer shifts, it is the intent of the Company to notify such employees as soon as possible, prior to the effective date of the shift change. If the affected employee or employees are not given written notice seventy-two hours in advance of such action being taken they will then be paid at one and one-half (1.5) times their base rate of pay for hours worked during the seventy-two (72) hour notice timeframe. Exceptions to the written notice requirement include customer driven requirements and unforeseen circumstances.
- f. The intent of this language is to provide a vehicle for the compensation to those employees who are required to work off shifts, in conjunction with their regular

assigned shifts, at the convenience of the Company (e.g. service unit, etc.). It is mutually agreed upon that when a day shift employee is transferred to the swing shift on a temporary basis and subsequently transferred back to the day shift, that Article 7, Section 7(D) will apply. The employee will be considered a swing shift employee for pay purposes.

The language will apply under the following circumstances:

1. Transfers must be at the request of the Department Manager/Supervisor.
2. Employees must have eight (8) hours between shifts.
3. Employees must work a full eight (8), nine (9) or ten (10) hours as scheduled on previous work day before early overtime provisions apply.
4. Maximum early overtime payment in this situation will be four (4) hours of an eight (8), nine (9), or ten (10) hour shift.
5. Second shift bonus will be paid for this shift regardless of time started.

This agreement may be modified/terminated by either party with a thirty (30) day written notice.

C. Employee Requested Transfers - Within Contract Enforcement Group

- (1) Such consideration for transfer will be given on the basis of seniority to employees who are competent to fill the vacancy and who have filed written requests with the Company at least seven (7) working days prior to the date that such transfer is made.
- (2) Transfer requests shall be in writing on a form provided by the Company. When filed with the Company, the employee shall be given a signed receipt setting forth the date the request was received by Human Resources and showing the transfer requested. Such request shall remain active until the employee is transferred, as requested, or until withdrawn by the employee, but in no event for more than twelve (12) months unless renewed in writing by the employee.

D. Operational Requirement Transfers - Between Contract Enforcement Groups

- (1) Operational requirement transfers to one C.E.G. from another C.E.G. or rehire from layoff during the period when the employee has recall rights at another C.E.G. may be made without reference to priority in filling available openings. Such employee may be placed in the same or lower-rated classification or in a higher-rated classification so long as the employee has recall rights to that classification at the C.E.G. from which transferred, provided such employee possesses greater seniority than employees specified in Subsection B (1) and B (3) of Article 4, Section 3.
- (2) The following placement priority applies to employees laid off following operational requirement transfers:
 - a. An employee transferred at the request of the Company from a C.E.G. to any other C.E.G., and who is scheduled for layoff or has been laid off, shall be entitled to elect to return to the C.E.G. from which transferred, provided he/she so elects within sixty (60) calendar days after date of layoff.
 - b. If such an employee makes such election, he/she shall be given preferential consideration over employees eligible for promotion for an available opening in

- the same classification from which laid off or a lateral classification for which qualified at the C.E.G. from which transferred; however, if there is no such available opening, the employee shall be placed on the recall list for the same classification from which laid off.
- c. Such an employee returning to the C.E.G. for placement pursuant to the provisions of this Subsection will be reimbursed in accordance with the then established Company policy for the following:
 1. Actual costs incurred in moving household goods from the place where laid off to the home plant.
 2. Transportation costs for the employee and family.
 3. Per diem allowance for the days of normal time by means approved by the Company.

E. Employee Requested Transfers - Between Contract Enforcement Groups

- (1) An employee on the active payroll, or an employee who is on layoff and eligible for recall with less than five (5) years' seniority, may request transfer to another C.E.G. in any classification for which he/she has recall rights at the C.E.G. where laid off. Laid off employees must file such request within sixty (60) calendar days from date of layoff. Such request will be considered when filling available openings in classifications requested for which qualified. Requests shall remain active for twelve (12) months unless renewed in writing.
- (2) An employee with five (5) or more years' seniority who is scheduled for layoff or who is on layoff with recall rights may request transfer to any C.E.G. in any previously-held classification. Such requests shall list the classifications and C.E.G. in order of preference; requests shall be given preferential consideration ahead of new hires; requests become invalid when any placement covered by this Agreement is accepted, or upon expiration of six (6) months (unless renewed in writing) or until withdrawn. Renewal must be made prior to expiration of each six month period and may continue during the period eligible for recall. Notices are to be sent to the Labor Relations office at the plant where laid off.
- (3) Employee must accept or reject transfer offer within five (5) working days and must report at new location within seven (7) working days (plus authorized travel time) from date of release if on active payroll or from date of acceptance if on layoff.

F. Transfers to Represented Classifications

(See coded letter C-6)

- (1) The Company may:
 - a. Retransfer an employee to a C.E.G. from which transferred, or
 - b. Retransfer a salaried person (transferred from a classification covered by this Agreement to salary), such placement to be in the C.E.G. at the facility to which currently assigned in case of displacement, or in any C.E.G. if placed in an available opening, or

- c. Retransfer a person (transferred from a classification covered by this Agreement to a non-represented hourly classification), such placement to be in the C.E.G. at the facility to which currently assigned in case of displacement, or in any C.E.G. if placed in an available opening, if such person has greater seniority than the least-senior of any less-senior employee displaced, or if such employee or person has greater seniority than the most-senior qualified employee on the recall list at the C.E.G. to which retransfer or placement is being considered, ability, skill and efficiency being substantially equal.
- (2) For an employee or person identified in Paragraph (1) above:
- a. If such employee or person has at least one (1) year of seniority, he/she may be placed in the highest classification previously held in any plant covered by any Part of this Agreement, provided such classification is listed in the Part of this Agreement applicable to the C.E.G. in which placed; or
 - b. If such employee or person has two (2) or more years' seniority he/she may be placed in any plant covered by a Part of this Agreement in the highest classification for which qualified.
- (3) For the purpose of the above Paragraph (2), the following shall apply:
- a. The term "qualified" means an employee is qualified without a training or learning period to perform the major duties set forth in the job description for such classification which distinguish such classification from other classifications.
 - b. A salaried person shall not be placed into a classification with a labor grade higher than the highest labor grade previously held; however, in the event that the labor grade of the highest classification previously held is increased after the person's promotion to salaried status, such person shall be entitled to such higher labor grade in the event of return to such classification.
 - c. A salaried person who, subsequent to the effective date of this Agreement, refuses placement in the highest classification previously held shall forfeit all seniority accumulated under this Agreement.

Section 6. Layoffs
(See coded letter E-3)

A. General Layoff

- (1) The terms "layoff" and "laid off" as used in this Agreement refer only to cases in which an employee under procedure as outlined in this Section is severed from the payroll or is placed in a different or lower-rated classification in connection with a reduction of the total number of employees in the Company in the classification such employee holds at the time of such severance or placement in a different or lower-rated classification.
- (2) The following general provisions shall apply in effecting a layoff:

- a. A full-time employee will be scheduled for layoff in order of seniority of full-time employees where ability, skill and efficiency are substantially equal.
 - b. A part-time employee will be scheduled for layoff in order of seniority of part-time employees, where ability, skill and efficiency are substantially equal.
 - c. Where employees are being laid off or where there is a recall list, the number of part-time employees will not exceed one per department per shift for any classification, except where the parties have mutually agreed. In any case, the total number of part-time employees at each respective C.E.G. will not exceed 1 1/4% of the total number of bargaining unit employees at that C.E.G.
 - d. An employee who has acquired seniority pursuant to Subsection B of Section 1, of this Article, shall not be laid off until all probationary employees in the affected classification are laid off. Such probationary employees may be laid off without regard to relative length of service.
 - e. An employee scheduled for downgrade or lateral placement under layoff procedure may elect layoff from the payroll at the time such downgrade or lateral placement is offered. Such election must be made within two (2) working days following the offer.
 - f. The Company shall have three (3) working days in which to correct, without liability, any layoff out of seniority which results from an administrative error involving employees who were surplus or who displaced other employees elsewhere under layoff procedure. Insofar as is practical, the senior employees will be placed first and such placement will not be affected by the terms of the recall procedure.
 - g. Wherever practicable, shift preference will be given to the most senior qualified employees.
 - h. An employee who accepts a placement to enter a Trainee classification shall be eligible to displace into any classification held prior to such placement in accordance with seniority.
 - i. Employees who are on, or scheduled for, travel or field duty assignment at the time of their scheduled layoff will be laid off at the conclusion of such travel or field duty assignment.
 - j. Employees within a classification and department with identical seniority dates will be selected for surplus in alphabetical order on even number years, and inverse alphabetical order in odd number years, where ability, skill and efficiency are substantially equal.
 - k. Employee affected by layoff shall be notified no less than fourteen (14) calendar days prior to such action taking place.**
- (3) There shall be no seniority among probationary employees. Probationary employees shall be the first to be laid off. Employees with less than one (1) year of seniority shall be laid off on the basis of seniority, where ability, skill and efficiency are substantially equal. Such employees shall have a seniority date of the first of the

month in which hired for determining their displacement rights within the same classification in a different department.

a. Employees in the C.E.G.s shall be laid off by classification within the Company. An employee with such seniority may be placed in a lower-rated classification for which qualified if there is an available opening.

(4) Employees with one (1) year or more of seniority shall be laid off in order of seniority where ability, skill and efficiency are substantially equal, applied by classification within the Company. Such employees shall have a seniority date of the first of the month in which hired for determining their displacement rights within the same, lateral or lower classification in a different department.

a. Such full-time employee shall displace into any lateral or the highest of any lower-rated classification previously held within the Company provided he/she is qualified to perform the work of the least-senior of any less-senior full-time employees in the classification or placed in the highest of any lower-rated classifications for which qualified if there is an available opening. If such employee is the least-senior full-time employee in the classification, such employee may displace the least-senior of any less-senior part-time employees in the classification. A full-time employee may accept or decline part-time placement and will be retained on the recall list for full-time positions in the classification.

b. Such part-time employee shall displace into any lateral or the highest of any lower-rated classification previously held within the Company provided he/she is qualified to perform the work of the least-senior of any less-senior part-time employees in the classification or placed in the highest of any lower-rated classifications for which qualified if there is an available opening. A part-time employee declining full-time placement will not affect their position on recall list(s).

c. An employee with a seniority date prior to November 28, 1977 shall displace the least-senior of any less-senior employees in a lateral or lower-rated classification if qualified without a training or learning period to perform the major duties of the job description of such classification which distinguishes it from other classifications. Displacement shall be subject to the following:

1. The employee must have on file with the Company full and factual information substantiating his/her qualifications for the lateral or lower-rated classification.

2. Displacement consideration will be limited to five (5) lateral or lower-rated classifications not previously held, of which the employee has notified the Company, in writing, on the form provided, at least seven (7) calendar days prior to being affected by the layoff procedure. The Company will notify the employee whether he/she is found to be qualified for displacement in accordance with the terms of the Agreement within twenty-three (23) working days following receipt of such written request.

3. If the displacement involves an assignment to a lower-rated classification, it is the intent of the Company to place such employee in the highest classification for which the employee is qualified.

B. Temporary Layoff

Temporary layoffs may be made for periods of not exceeding fifteen (15) working days. Such layoffs shall be made in order of Company-wide seniority applied by classification within the particular unit of organization, work unit or project affected where ability, skill and efficiency are substantially equal.

C. Emergency Reduction of the Working Force For Employees in the Contract Enforcement Group Covered by Part B

- Step 1. When an emergency reduction of the working force involving a Stop Work Order or the layoff of five percent (5%) or more of the employees in the C.E.G. is necessary, employees affected shall first be laid off without regard to the general layoff procedure for the period of time necessary to put into effect Step 2.
- Step 2. The second step of the emergency reduction of the working force shall be the carrying out of the general layoff procedure. Such assignments shall not be governed by the recall procedure and shall be made as promptly as is reasonably possible.

D. Top Seniority for the Purposes of Layoff

In applying the General and Temporary Layoff procedures, the following employees shall have top seniority:

- (1) Stewards who have acquired seniority, and whose status as stewards has been confirmed by written notice to the Company as provided in the Agreement.
- (2) Labor Relations Committee Representatives of District 725, California Central Coast Lodge 2786, and Florida Missiles System Local Lodge 610, as certified by written notice to the Company from the Union. Such top seniority will be effective on the Monday following receipt of such notice by the Company.
- (3) During a temporary layoff and during the period between the first and second steps in an emergency reduction of the working force, the terms of office of laid-off Union Stewards shall continue. If a department is shut down for a period not to exceed ninety (90) calendar days the Senior Steward in such department shall, upon its reopening, have top seniority in his/her classification and shift for the purpose of recall.

The provisions of paragraph D shall be applicable only if the employee entitled to such top seniority handles grievance processing or other on-the-job contract administration responsibilities.

E. Voluntary Layoff

An hourly represented employee requesting a layoff out of line of seniority will do so in writing in a format acceptable to both parties.

If a surplus condition or contemplated surplus condition exists, favorable consideration will be given by the parties to requests for layoff out of seniority providing that the granting of the request will not necessitate recalling or hiring a person to fill the position. Should a situation exist wherein there is more than one request within a classification and department, the more senior employee will receive first consideration. It is understood that any employee granted a layoff out of seniority, by mutual agreement of the parties, will be required to submit a suspension of recall notice to the Company and the Union at the time their request for layoff is approved. For reinstatement of recall rights, refer to Article 4, Section 7.

Section 7. Recall **(See coded letters B-11 and B-16)**

A. General

(1) A full-time employee shall be recalled in order of seniority of full-time employees by classification within the Company where ability, skill and efficiency are substantially equal. A part-time employee shall be recalled in order of seniority of part-time employees by classification within the Company where ability, skill and efficiency are substantially equal.

(2) A laid off employee shall not be entitled to the job for which recalled if such recall notice is sent to the employee's address on record and such employee fails to report for an interview, or as otherwise instructed, by:

- a. the third working day after receipt of notice by certified mail **and email**, or
- b. a date subsequent to a. as may be designated by the Company.

An employee failing to report within the time limits specified above because of failure to provide a current address as required above shall lose recall rights to all lateral and lower-rated classifications in addition to the specific classification to which offered recall.

An employee failing to report within the time limits specified above shall maintain recall rights only if within five (5) working days after such recall notice, or such additional time as the Company may grant, the employee furnishes the Company a reasonable excuse for failure to report.

(3) An employee on layoff who is recalled to a temporary opening (45 days or less) may decline such offer and retain position(s) on recall lists. This shall not be considered a suspension of recall as set forth in Paragraph C of this Section.

(4) A full-time employee who declines recall to a part-time position shall retain their position(s) on recall lists. A part-time employee who declines recall to a full-time position shall retain their position(s) on recall lists. Any offers so declined shall not be considered a suspension of recall as set forth in paragraph C of this Section.

- (5) An employee who is bypassed for recall while on layoff from the active payroll will be so notified by the Company. Notice will be sent by certified mail to the employee's address of record.

B. Recall List

- (1) The recall list for any classification in a C.E.G. shall consist of the following:
- a. Employees downgraded from a classification because of medical limit(s) who have had the limits removed/modified by the Company's Medical Department, provided:
 1. The employee submits a written request to Labor Relations with a copy of the Employee Medical Report attached; and
 2. The employee is determined by the Company to be now qualified for the requested classification.
 - b. All employees laid off from such classification who have not lost their seniority through the application of any provision of Article 4, Section 2, of the Agreement.
 - c. All active employees who accepted placement in a lower-rated classification through the application of the layoff procedure within the past sixty (60) month period.
 - d. Employees who have been placed laterally from such classification under the layoff procedure, provided that they have filed written requests for recall to such classification at least seven (7) calendar days prior to the date the recall was made.
 - e. All employees either terminated under the general layoff procedure or downgraded within the recall periods specified in Article 4, Section 7 B (1) c and d who, at the time of such termination or downgrade, had displacement rights to a classification but were unable to displace because of insufficient seniority; and such employees who at the time of termination or downgrade had displacement rights in a classification not previously held, but who were unable to displace because of insufficient seniority, provided, however, that potential placement on the recall list is limited to the jobs submitted to the Company in conformity with Article 4, Section 6 A (4) c 2.
 - f. Salaried persons unable, because of insufficient seniority, to displace into any classification previously held.
- (2) An employee who is recalled to a classification from a lateral or a downgrade under layoff procedure, and who declines such offer, shall have his/her name removed from the recall list for that classification (except when declined under the provisions of Article 4, Section 7A (3)). An employee who is recalled to a classification from a lateral or a downgrade under layoff procedure, and who fails to render a decision within three working days, shall have his/her name removed from the recall list for that classification and any lower-rated classifications for which on recall (except when declined under the provisions of Article 4, Section 7A (3)).

- (3) An employee who is transferred to another C.E.G., or who is hired at such other C.E.G. while on layoff, shall have his/her name removed from the recall list of any classification within the C.E.G. from which transferred or laid off. Such an employee shall then be placed on the recall list of the new C.E.G. in the classifications in which he/she had rights at the former C.E.G.
- (4) An employee who has been laid off and retires under the provisions of a Lockheed Retirement Plan shall have his/her name removed from all recall lists. However, an employee who has retired and subsequently is rehired under the provisions of Article 4, Section 1 D, Code 'D' Rehires, shall be eligible to be placed on such recall lists should he/she be laid off under the provisions of Article 4, Section 6, Layoffs.
- (5) In the event two or more employees share the same seniority date and are on recall for the same classification, recall will be in reversed alphabetical order in odd number years and alphabetical order in even number years when ability, skill and efficiency are substantially equal.

C. Suspension of Recall for Employees on Layoff from the Active Payroll

An employee may suspend or reinstate recall rights only by written notice to the Labor Relations and to the Union.

An employee on recall may suspend recall rights after layoff for a minimum of thirty (30) calendar days. During the period of suspension of recall rights, an employee shall not be obligated to accept rehire and the Company shall not be obligated to notify the employee of available openings.

An employee may reinstate recall rights after the expiration of thirty (30) calendar days from the date the notice of suspension is received by the Company. An employee's recall rights shall be reinstated after seven (7) calendar days from the date the notice is received by the Company.

Section 8. Placement of Employees with Disabilities

Employees with disabilities, as defined by state or federal law, may be placed, retained or reinstated, by mutual agreement of the parties, regardless of the seniority principles stated in this Agreement.

Section 9. Occupational Injury or Illness

Employees who become physically limited to the extent that they are no longer physically capable of performing the normal duties of their assigned classification as a result of an injury or illness incurred in the course of employment with the Company, and determined by the Workers' Compensation Appeals Board or the Company to be occupational, shall be retained in a classification at their assigned plant where work is available that they are qualified to perform; or reinstated, provided that they apply for such reinstatement within thirty (30) calendar days after the day they become qualified to perform such work as

recommended by the employee's personal physician and approved by the Company's Medical Department.

Such reinstatement or placement shall be made in accordance with normal seniority provisions, in the manner used to determine reinstatement or placement of a "surplus" or "laid-off" employee. Such employees will be paid within the rate range of the classification to which assigned. If such employees are physically unable to perform the duties of jobs to which they would normally have rights under Article 4, Section 6, and are found to be suitable for and require rehabilitation under applicable California laws, they may be classified as a Special Rehabilitation Trainee and trained for possible placement in a classification appropriate to their C.E.G. The target classification, rate of pay and length and type of assignment while classified as a Special Rehabilitation Trainee shall be subject to mutual agreement of the parties. Such employees, after completion of the Special Rehabilitation Program, shall have placement rights under the appropriate contractual provisions. The parties shall use their best efforts to effect placement of such employees. If such employees cannot be retained in any job to which they would have rights in accordance with Article 4, Section 6, because of insufficient seniority, they shall be held out of seniority order in any job they are qualified to perform (so long as it does not exceed the labor grade of any job previously held) until their compensation case has been settled or they have been released by the Company's Medical Department, or such time as may be mutually agreed to by the parties.

Employees may return to their former classification, provided they have sufficient seniority, at such time as the Company Medical Department determines they are physically able to resume their former classification or at such time as may be mutually agreed to by the parties.

In the event that occupationally injured or ill employees are bypassed for recall to a higher-rated classification while on prolonged absence, such employees shall be reinstated into the higher classification for which they were bypassed providing they meet the qualifications and the Company Medical Department determines they are physically able to perform the work.

Employees injured on the job will receive up to a maximum of two (2) hours per appointment for follow-up visits scheduled during normal working hours, unless otherwise prohibited by law, provided the employee attempted to schedule such visits outside normal working hours and was unable to do so. Pay for follow up visits will be capped at forty (40) hours per injury.

Section 10. Employees Entering Armed Forces

Employees who terminate for the purpose of entering the armed forces of the United States or the National Guard shall be re-employed at the C.E.G. from which terminated in accordance with any applicable Federal and/or State law.

The Company shall not be liable for a violation of this Agreement if such violation results from good faith compliance with the aforesaid statutes or any applicable administrative ruling or judicial decision.

An employee absent from work as a result of being ordered to report for physical examination in connection with being ordered to military training and service shall be granted pay for lost time not to exceed his/her working rate for eight (8) hours, provided:

- (1) The day of absence from work is necessary to enable the employee to report as ordered,
- (2) The absence falls within the employee's regular work shift,
- (3) The absence is to be temporary, following which the employee will return to work,
and
- (4) The absence does not involve an overtime day.

ARTICLE 5 VACATION, HOLIDAYS & LEAVES

Section 1. Establishment of Service Time-Definitions and Conditions

For purposes of Sections 2 and 3 of this Article, an employee's seniority shall date from the first day of the month in which seniority began.

The term "service time" as used in this Article shall mean those days worked by an employee, including holidays and regular days off during weeks worked, days on paid vacation and sick leave, and days off work due to occupational injury or occupational illness provided such days off do not exceed six (6) consecutive months and, upon recovery, the employee returns to the active payroll of the Company.

An employee who is terminated, laid off, on leave of absence or who entered the Armed Forces pursuant to Article 4, Section 10, shall be credited with service time up to the time of such termination, layoff, leave of absence or entry into the Armed Forces provided the employee:

- (1) Returns to work for the Company after the period of such termination, entry into the Armed Forces, layoff or leave of absence;
- (2) Retains seniority with the Company during such period; and
- (3) Was not paid a prorated vacation allowance; except that an employee laid off or entering the Armed Forces, but not paid prorated vacation because he/she had less than one (1) month of service time toward his/her next vacation, shall not be credited with such time toward his/her next year of service time.

Service time shall not include days when an employee is severed from the active payroll due to termination, entry into the Armed Forces, layoff or prolonged leave of absence.

Section 2. Vacations

A. Definitions

- (1) The term "vacation eligibility date," as used in this Section, shall mean, with respect to an employee's first vacation, the first day of the month in which the employee will have accumulated one (1) year of service time subsequent to the start date after hire, or, with respect to subsequent vacations, the first day of the month in which the employee shall have accumulated one (1) year of service time subsequent to his/her last vacation eligibility date.
- (2) The vacation eligibility date for an employee shall be determined by their Corporate service date.
- (3) Pay for each week of vacation for a full-time employee means pay for forty (40) hours at the employee's base rate in effect when the vacation is taken, plus any shift and odd workweek or Lead bonus being paid at that time.

A "full-time" employee is an employee who is regularly scheduled to work a standard shift (eight (8) hours a day, five (5) days a week), 9/80 (nine (9) hours on Monday through Thursday, eight (8) hour workday on Friday, and every other

Friday off), or a 4x10 (ten (10) hours a day, four (4) days a week). All other employees shall be "part-time" employees.

- (4) Pay for each week of vacation for a part-time employee shall be proportionately reduced. For example: An employee who is regularly scheduled to work five (5) days a week for four (4) hours a day, will be entitled to twenty (20) hours pay for each week of vacation at the employee's base rate in effect when the vacation is taken, plus any shift and odd workweek or Lead bonus being paid at that time.

B. Vacation Benefits for an Employee on the Active Payroll of the Company

- (1) Vacation will be awarded in monthly increments in accordance with the schedule shown below. Vacation accruals may be taken after the first day of the month following the month in which they are earned. When an employee attains a new level of completed service that results in a greater vacation entitlement, the greater vacation accrual will be effective and begin the month following the month during which the new service level was attained.

Completed Years of Service	Vacation Accrual
0-8	10 days per year (6.67 hours per month)
9-18	15 days per year (10.00 hours per month)
19 or more	20 days per year (13.34 hours per month)

C. Vacation Benefits for an Employee Who Terminates, is Terminated, is Laid Off, Retires, Dies or Enters the Armed Forces Pursuant to Article 4, Section 10

- (1) An employee entitled to a vacation with pay which has not been used at the time such employee terminates, is terminated, enters the Armed Forces pursuant to Article 4, Section 10, or is laid off, shall be paid for such unused vacation.

D. Scheduling of Vacations

- (1) Each employee must take at least forty (40) hours of earned vacation during the twelve months service time following the vacation eligibility date. Scheduling of vacation requires prior approval. Consistent with the operational requirements of the Company, such prior approval will not be unreasonably denied. In the event an employee protests his/her Department Head's refusal to grant a requested vacation, the matter may be referred to the next higher level of supervision for final determination.
- (2) Vacations shall be taken when they least interfere with production. So far as is practical, vacation time preference will be given to employees with the greatest seniority.

E. Vacation Pay

- (1) Vacation will be coded and processed for payment on the employee's timecard for the respective week in which such vacation is taken by the employee.
- (2) Vacation shall be taken in one-half hour increments
- (3) Pay will be calculated at the employee's working rate in effect when the vacation is taken.
- (5) Employees will be allowed to accumulate vacation up to 400 hours.
- (6) Vacation balances over the maximum accrual shall be paid out automatically at the employee's working rate in effect at such time.

Section 3. Paid Absence Leave

A. Definitions

- (1) Pay for one (1) day paid absence leave for a full-time employee means pay for eight (8) hours (except for those on 4x10 or 9/80 workweeks, where one (1) day of pay means pay for ten (10), nine (9), or eight (8) hours, respectively, depending on the normally scheduled shift) at the employee's working rate at the time paid absence leave is used.
- (2) Pay for each day of paid absence leave of a part-time employee shall be proportionately reduced in accordance with the employee's work schedule.

B. Paid Absence Leave Benefits for an Employee on the Active Payroll of the Company

- (1) Except as provided below, in the event an employee is absent from work because of personal sickness or injury, or a sickness, injury, or death in the employee's immediate family, the employee shall be entitled to the equivalent of six (6) days paid absence leave with pay during each year of service time. Such sick leave will be allocated at the rate of four (4) hours per month.
- (2) Paid absence leave with pay will be granted in one-half hour increments. In addition, paid absence leave with pay may be utilized when the employee is sent home by the Company for non-occupational illness or injury.
- (3) An employee shall not be entitled to pay for any paid absence leave until completion of ninety (90) calendar days continuous service time from the date the employee starts work after hire or rehire without seniority.
- (4) Paid absence leave is granted during the waiting period for employees to become eligible for California State Disability payments. It is granted thereafter in pro-rated amounts to supplement California State Disability payments.
- (4) An employee who has transferred, with seniority, to one plant of the Company covered by this Agreement from another plant covered by this Agreement or another plant of Lockheed Martin Corporation, shall be entitled to those days of paid absence leave with pay to which the employee was entitled at such other plant at the time of such transfer and which had not been used by such time and

the employee's year of service, for purposes of this Section, shall remain the same as the employee had at such other plant at the time of such transfer.

C. Verification and Notification

All paid absence leave is subject to verification by the Company. An employee shall notify the Company of a personal sickness or injury or of a sickness, injury, or death in the immediate family requiring absence from work, or furnish a reasonable excuse for failure to do so. Such notice shall be given **prior to** the start of the employee's shift. **In cases of unforeseen circumstances that do not permit an employee to request prior to the employee's shift starting time, employees will request as soon as practicable. The decision to approve or deny requests made after the employee's shift start time shall be based upon operational requirements.**

D. Prolonged Disability

An employee shall not be terminated by the Company because of a prolonged continuous illness or injury provided the period of disability is no longer than twenty-four (24) months. Such employee shall notify the Company whenever possible at least three (3) working days in advance of the date the employee is able to return to work. Upon being pronounced physically and mentally fit by the Company, the employee shall be reinstated as soon as possible to the same or substantially equivalent job if such a job is available in accordance with the employee's seniority rights. Except as to the length of the period of disability, the provisions of this Subsection D shall be subject to the grievance procedure. However, an employee on disability leave could be subject to layoff, in accordance with their seniority, as a result of a reduction in the workforce.

E. Unused Paid Absence Leave

Employees may accumulate up to 200 hours of unused sick leave. Sick leave balances over this maximum accrual will automatically be paid at the employee's current working rate in effect when the sick leave is paid out.

F. Bereavement Leave

An employee shall be eligible for forty (40) hours of paid bereavement leave upon a death in their immediate family. The period of absence does not have to be taken consecutively to receive bereavement pay. The leave must be taken no later than thirty (30) calendar days after the date of the memorial services. The Company may reasonably request appropriate documentation. Bereavement pay will not be granted for an employee's scheduled off-day, holiday, or any day on which the employee would have otherwise not been compensated.

For purposes of this Section, immediate family shall mean the following:

- **Parents – biological, step, adoptive, foster father or mother or any other individual who stood in place of your parents.**

B. Holiday Pay

- (1) Pay for eight (8) hours at the working rate shall be paid to employees for each of these holidays regardless of the day of the week upon which the holiday falls.
- (2) In addition, two times the working rate shall be paid for time worked on holidays. Work by an employee on a holiday shall normally be voluntary except for employees who may be required to work on functions necessary for the protection of the plant and equipment.
- (3) To be eligible for holiday pay, an employee must have worked or have been on a vacation or a paid leave (other than Paid Absence Leave, unless otherwise prohibited by law) on the last workday before or the first workday after the holiday.

When the holiday occurs on the day before employment or the day after termination or during an employee's leave, no pay under this Section shall be granted.

(4) Total eligible Holiday hours under an alternate work schedule will not be less than 96 hours annually.

a) If an alternate work schedule, other than a standard 5x8 work schedule, results in a reduction of negotiated Holiday hours, these hours will be credited to the employee's vacation account annually, but no later than March 1 of the following year.

b) The total eligible Holiday hours will be reduced for times when employees are ineligible for Holiday pay, as described in Article 5, Section (4)(B)(3).

C. Holiday Occurring During Vacation

An additional day's pay (eight (8) hours at the working rate) shall be granted to an employee on vacation if a holiday, as defined herein, occurs during his/her vacation, or such employee may schedule and take an additional day(s) off with pay either immediately preceding or following his/her scheduled vacation. If such election is made, the day(s) off will be coded in a manner to differentiate them from personal leave.

Section 5. Leaves Without Pay

A. Personal Leaves

(1) Leaves of absence without pay may be granted employees for a period not to exceed ten (10) working days during the year. Such leaves shall not be unreasonably denied without good and sufficient reasons. In the event an employee protests his/her Department Head's refusal to grant such a leave of absence, the matter may be referred to the next higher level of supervision for final determination. The Company may extend a period of leave for good and sufficient reason. The leave of absence shall not jeopardize the employee's standing with the Company.

- (2) An employee directly affected by "new technology" as stated above will be offered retraining preference for a job for which the Company foresees a requirement, provided that equivalent job opportunities are not available and that they have the basic knowledge for the retraining.

B. New Technology Briefings

In order that employees can better prepare themselves for the skill requirements of the future, and to provide information to the Union, the Company will provide, upon request of the Union, a briefing of the Company's plans for the introduction of new technology, as defined above, which may affect bargaining unit employees. This briefing will serve as a forum for the Company to inform the Union of anticipated schedules of introduction of new technology, and will identify potential areas of new skill requirements during these early analyses. The Company will notify the Union of the scheduled meetings 45 days in advance and will describe the proposed agenda. If the Union has other specific subjects or areas of concern to be added to the agenda the Union will notify the Company thirty (30) days in advance to allow time to prepare the necessary information for presentation. The meetings will be coordinated by Labor Relations and the normal attendees (or their designees) will be Labor Relations Manager, Education and Training manager, members of the current Company and Union negotiating committee, and other participants as appropriate. Similar briefings may be provided by other C.E.G.s as agreed upon by the parties at these locations.

C. Education

The Company maintains a program of tuition reimbursement which promotes and encourages education and training as a means of increasing employee productivity and expanding career potential. The program is available for job related courses at accredited vocational technical training institutions, colleges and universities. The Company will reimburse an employee one hundred (100%) percent of the paid tuition fee for up to **three (3)** courses successfully completed per academic term if such employee has received written approval of the course from the Company prior to the employee's beginning such course. Such approval shall not be unreasonably denied.

D. Special Trainees

To facilitate the training and development of especially qualified individuals, particularly those with an appropriate academic background, for executive, administrative and professional positions, the Company may classify employees as Special Trainees. Preference will be given to those individuals already in the employ of the Company; however, such trainees may be hired or selected and given assignments without regard to those provisions of the Agreement governing recall promotion, and priority in filling available openings. Special Trainees will be paid within the rate range of the classification to which they are assigned, or the employees' original rate of pay, whichever is higher. No individuals shall hold the classification of Special Trainee in excess of two (2) years. The maximum number so classified at any one time in each C.E.G. shall be no greater than two (2) employees.

ARTICLE 7
PAY PROVISIONS
(See coded letter B-10)

Section 1. Wage Rates and Performance Reviews

A. Definitions

- (1) An employee's "base rate," for purposes of this Agreement, shall be the straight-time hourly rate of pay applicable to that employee's classification, exclusive of any bonus or premium.
- (2) An employee's "working rate," for purposes of this Agreement, shall be that employee's base rate of pay plus any Lead, shift, odd workweek and field duty pay.
- (3) An employee's "maximum" for purposes of this Section shall be either the maximum rate in Article 9, Section 8 or the Guaranteed Personal Rate maximum in Article 9, Section 9.

B. Automatic Rate Progression

- (1) An employee on the active payroll whose base rate is below the maximum of the assigned classification, shall receive an automatic wage increase of twenty-five cents (\$.25) per hour, or such lesser amount as is necessary to bring the employee's base rate to the labor grade maximum, on the first day of the second pay period of **March, June, September and December**.
- (2) The Company may, at its discretion, effect an increase in an employee's base rate in amounts greater or at times other than provided for in Paragraph (1) of this Subsection.

C. Pay Rate on Promotion, Downgrade or Recall

- (1) **All employees who are promoted from a lower-graded job to a higher-graded job will receive an increase of fifty cents (\$.50) per hour for a one or a two labor grade promotion and one dollar (\$1.00) per hour for a three or more labor grade promotion or the minimum of the new labor grade, whichever is higher, providing said increase does not exceed the maximum of the labor grade rate range to which they are promoted.**
 - a. If an employee's base rate is below the maximum of the rate range for that employee's classification prior to promotion, the base rate will be increased by the amount of the automatic wage increase to which that employee is entitled, and such increased base rate will be that employee's base rate just prior to promotion.

- b. If an employee's base rate is at the maximum of the rate range for that employee's classification prior to promotion, the base rate will be increased by **fifty cents (\$.50) for a one or a two labor grade promotion, one dollar (\$1.00) for a three or more promotion** or the amount necessary to bring that employee's rate to the minimum of the classification to which promoted, whichever is greater, or by an amount less than **the applicable promotion increase** if that will bring the rate to the maximum of the classification to which promoted.
- (2) An employee downgraded to a classification in a lower Labor Grade shall have that employee's base rate in the downgraded classification established as follows:
- a. An employee downgraded through application of the layoff procedure as set forth in Article 4, Section 6 shall have the base rate reduced as follows:

Effective date of downgrade	Up to twenty cents (\$.20) reduction
Three weeks subsequent to downgrade	Up to an additional twenty cent (\$.20) reduction
Six weeks subsequent to downgrade	Up to an additional twenty cent (\$.20) reduction
Nine weeks subsequent to downgrade	Up to an additional twenty cent (\$.20) reduction
Twelve weeks subsequent to downgrade	Up to an additional twenty cent (\$.20) reduction
Fifteen weeks subsequent to downgrade	Any additional amount required to reach the maximum of the classification to which the employee is being downgraded.

- b. An employee downgraded to a classification in a lower Labor Grade other than through application of the layoff procedures aforementioned, whose base rate is above the rate range maximum of the lower Labor Grade, shall be paid at the

maximum rate for such classification, effective with the date of such downgrade.

- c. An employee who no longer performs a lead position will have his or her rate reduced to the rate prior to the lead increase including any general wage increases, automatic rate progressions and COLA adjustments.
- (3) Changes in rates of pay for promotions, downgrades, or recalls for GPR employees will be subject to the provisions in Subsection A Paragraph (3) and Subsection C of this Section and Article 9, Section 9.

D. Performance Reviews

- (1) Employees may be presented performance reviews once annually, during the months of July and August, with a copy given to the employee and with discussion by the employee's supervisor. Employees may request to have a career discussion, during which they can talk with their leader about what positions they would like to pursue and what they would need to do in order to qualify for those positions should they come available. Topics to discuss include career advancement and mentorship opportunities.
- (2) If employees disagree with their performance ratings or comments, they may file a grievance. As an alternative to filing a grievance, an employee may file a written statement concerning the comments or ratings with which they do not agree which will be attached to the review and filed in the employee's personnel folder. Such written statement will be limited to the employee's comment regarding job performance over the review period and will exclude personal remarks about fellow employees or supervision.

It is the intent of the parties that the performance review and discussion are designed to improve and bolster skills, aid in the employee's career development and foster objective feedback. Criticism, when necessary, shall be factual, supportable, and constructive.

Section 2. Overtime

A. Overtime Premium

- (1) Hours worked in excess of eight (8) hours or regularly scheduled workday, but not in excess of twelve (12) hours, in any one workday shall be paid for at one and one-half (1-1/2) times the employee's working rate. Hours worked in excess of twelve (12) hours in any one workday shall be paid for at two (2) times the employee's working rate.
- (2) Hours worked in excess of seven (7), but not in excess of twelve (12) hours, by an employee on the graveyard shift shall be paid for at one and one-half (1-1/2) times

the employee's working rate, except that employees classified as Fire Emergency personnel on the graveyard shift shall be paid time and one-half (1-1/2) only for hours worked in excess of eight (8), but not in excess of twelve (12) hours. Hours worked in excess of twelve (12) hours in any one workday shall be paid for at two (2) times the employee's working rate.

- (3) The preceding overtime provisions shall also apply to consecutive hours worked even though such consecutive hours began in one workday and ended in the following workday; provided, however, that any hours worked during the seventh day of an employee's workweek shall be at the double-time rate.
- (4) The foregoing provisions of this Section notwithstanding, for any workday, during which early report time premium is paid pursuant to Subsection D of Section 6 of this Article, the preceding overtime premium shall be paid only in accordance with such Subsection D, instead of this Section 2.
- (5) Hours worked on the sixth day of an employee's workweek shall be paid for at one and one-half (1-1/2) times the employee's working rate, except that hours worked in excess of twelve (12) hours shall be paid for at two (2) times the employee's working rate.
- (6) Hours worked on the seventh day of an employee's workweek shall be paid for at two (2) times the employee's working rate.

B. Overtime Distribution

(See coded letters B-15, C-13, D-3 and E-9)

- (1) Overtime will be divided as equally as practicable among affected employees. An affected group is normally those employees in a Department, classification, workweek and shift; however, by mutual agreement an affected group may be further defined as employees in a supervisory group, and the Union shall not unreasonably refuse to agree. Department Managers and Senior Stewards may agree on a different definition of the affected group based on recognition of operational requirements in their area.
- (2) Uniform records of overtime shall be maintained in each Department and upon request will be given to the Union Steward and be made available for informational purposes to employees upon request.
- (3) It is the intent of the Company that employees scheduled to work overtime be given as much advance notice as reasonably possible.
- (4) Overtime hours will not be charged for overtime declined on a recognized holiday; on the sixth or seventh workday immediately preceding or following an employee's vacation (vacation herein is defined as one week or more); at a time when an employee is on Union business of which the Company has been properly notified in advance of such time; on a day an employee is called for temporary

military duty; or when the employee is on jury duty or called as a subpoenaed witness.

- (5) In Departments where a graveyard shift is not being utilized, work assignments requiring the call-in of employees between the hours of 4:01 AM and 4:00 PM, the Company will normally call in day shift employees on such assignments. For work assignments requiring the call-in of employees between the hours of 4:01 PM and 4:00 AM, the Company will normally call in swing shift employees.
- (6) Employees transferred from one affected group to another will be in the new affected group as of the effective date shown on the Job Action Request.
- (7) A probationary employee may work overtime only after all other employees in that employee's affected group have been scheduled or asked to work.
- (8) An employee may remove him/herself from the overtime list by submitting written notice to his/her supervisor. Such written notice will have a minimum life of ninety (90) calendar days. If the employee wishes to be restored to the overtime list following ninety (90) calendar days, the employee shall submit such request in writing to their supervisor. Such employee will be given the overtime average of the affected group as of the date of such written request.

Section 3. Hours and Days of Work

A. Workweek and Workday

- (1) The standard workweek consists of one-hundred and sixty-eight (168) consecutive hours beginning at 12:00 midnight Sunday and ending at 12:00 midnight the following Sunday, except employees working the 9/80 alternative work schedule and employees assigned to the 4:00 PM to 12:30 AM swing shift whose workweek begins at 12:30 AM Monday and ends at 12:30 AM the following Monday. An odd workweek consists of one-hundred and sixty-eight (168) consecutive hours commencing at the beginning of the first of the five (5) consecutive workdays other than the normal schedule of Monday through Friday.
- (2) For pay purposes, the workday consists of twenty-four (24) consecutive hours beginning at 12:00 midnight of one day and ending at 12:00 midnight the following day, except for employees assigned to the 4:00 PM to 12:30 AM swing shift whose workday begins at 12:30 AM of one day and ends at 12:30 AM the following day and for employees assigned to the 11:30 PM to 7:00 AM graveyard shift whose workday begins at 11:30 PM of one day and ends at 11:30 PM the following day.
- (3) A day or swing shift consists of eight (8) hours work to be performed within nine (9) consecutive hours, except for those personnel assigned to a 9/80 or 4x10 workweek, or except as otherwise mutually-agreed. A 4x10 workweek shall

consist of ten (10) hours work to be performed within eleven (11) consecutive hours. A graveyard shift consists of seven (7) hours work, except that the graveyard shift for Emergency Services Specialists consists of eight (8) consecutive hours work.

A 9/80 workweek will consist of nine (9) hours work performed each day Monday through Thursday, within (10) consecutive hours and eight (8) hours work performed on Friday within (9) consecutive hours the first week; the second week nine (9) hours work performed a day, within (10) consecutive hours Monday through Thursday (See coded letter C-14).

(4) The Company shall have the right to establish standard shifts as follows:

Day Shift Starting times at 1/4 hour intervals from 6:00 AM to 8:30 AM
(Voluntary: 4:00 am to 6:00 am)

Swing Shift Starting times at 1/4 hour intervals from 1:00 PM to 4:00 PM
(Voluntary: 4:00 pm to 5:00 pm)

Grave Shift Starting times at 1/4 hour intervals from 10:00 PM to 12:30 AM
Emergency Services Specialists shall be on duty during their entire shift period.

B. Odd Shifts (See coded letters D-1)

(1) The Company may assign certain employees to other than the standard shifts where such deviations are necessitated by operational requirements.

(2) All other operationally required odd shift assignments shall be mutually agreed upon a minimum of one (1) week in advance by the Company and the Union. Odd shifts of up to thirty (30) calendar days duration may be approved by the affected Department Manager and Senior Steward. Odd shifts of longer duration may be approved by the Manager of Labor Relations and a Union Business Representative. The Union shall not unreasonably refuse to agree to the establishment of odd shifts where such shifts are necessitated by operational requirements and will use its best efforts to secure the cooperation of the affected employees.

(3) Employee-requested odd shifts of a specific duration may be implemented, with the approval of the Department Manager and Senior Steward, for reasons such as alleviation of traffic problems, educational needs, or other personal reasons of an individual employee. An odd shift for an entire workgroup may be requested by 100% of the affected employees (as determined by a vote), and requires written approval by the Department Manager, Senior Steward, Manager of Labor Relations and a Union Business Representative. Employee-requested odd shifts may be modified or discontinued at any time based upon operational requirements.

- (4) For the purpose of determining shift assignments of employees on an odd shift, the following schedule shall apply:

Established Starting Time	Shift
4:00 AM through 10:59 AM	Day
11:00 AM through 8:29 PM	Swing
8:30 PM through 3:59 AM	Graveyard

- (5) Employees placed on an odd shift shall be: first, volunteers in the affected group who are qualified to perform the work and, second, the least-senior employees in the classifications who are in the affected group and qualified to perform the work.

C. Workweek

(See coded letter D-1)

- (1) Five days, Monday through Friday, shall constitute the normal workweek schedule.
- (2) The Company reserves the right to assign or rotate affected employees to an odd workweek schedule for continuous, seven-day operations. Such assignment will be made by mutual agreement, and the Union will not unreasonably refuse to agree.
- (3) Employees placed on odd workweek schedules shall be: first, volunteers in the classifications and in the affected group who are qualified to perform the work and, second, the least-senior employees in the classifications on a normal workweek schedule who are in the affected group and qualified to perform the work. Reassignments between odd workweeks will be made on the basis of seniority to employees who are competent to fill the vacancy, and who have filed written requests with the Department Manager at least seven (7) working days prior to the date the vacancy is filled.

An employee who has been on an odd workweek schedule for ninety (90) calendar days shall, upon written request, be assigned to the normal workweek schedule as soon as a less-senior qualified replacement is obtained and the operational requirements are such that the transfer may be made, but in no event later than thirty (30) calendar days from receipt of such request unless there is no less-senior qualified replacement within the affected group.

The Company will not assign an employee to an odd workweek schedule unless it has reasonable assurance that such employee will be assigned to such odd workweek schedule for thirty (30) calendar days or more.

D. Four-Day Forty-Hour Workweek

The objective of a four-day forty-hour workweek is to allow management to meet its operational requirements while at the same time providing employees with a workweek that will improve the quality of their work life by providing the opportunity for reduced commuting time, energy conservation, and three-day weekends. Basic guidelines for the establishment of four-day forty-hour workweeks are as follows.

- (1) The Company will provide ten (10) days notice of the requirement to implement such a workweek and implementation will require approval of three-fourths (3/4) of the affected employees.
- (2) In circumstances where operational requirements necessitate employees transferring to a 4x10 workweek who do not elect to do so (but where 3/4 of the affected employees have approved such workweek), the local union will be so advised.
- (3) Employees assigned to such a workweek will be paid the straight time hourly rate of pay applicable to their classification for their regularly-scheduled hours.
- (4) Employees assigned to such a workweek will normally work four (4) consecutive days, with three (3) consecutive days off. Employees regularly assigned to work Monday through Thursday or Tuesday through Friday shall be considered to be on a standard workweek. Any other 4x10 workweek shall be considered an odd workweek.
- (5) Each pay period will be for forty (40) hours unless overtime is worked.
- (6) Vacation pay may be taken up to ten (10) hours for a vacation day on a regularly scheduled workday or increments as currently allowed under the CBA. The accrual in policy will remain the same as defined in Article 5, Section 2B.
- (7) Paid Absence may be taken in increments as currently allowed under the CBA or up to ten (10) hours for a regularly scheduled workday. The accrual policy will remain the same as defined in Article 5, Section 3B.
- (8) Holiday pay will be ten (10) hours for a holiday that falls on a regularly scheduled workday. No payment will be made for a holiday that falls on a scheduled day off.
- (9) Total holiday hours under a 4x10 work schedule will not be less **than 96 hours annually**. If the 4x10 work schedule results in a reduction of negotiated holiday hours, these hours will be credited to the employee's vacation account annually.
- (10) An employee who is unable to work regularly scheduled hours due to jury/witness duty will be paid for ten (10) hours for a regularly scheduled workday not to exceed the total number of hours covered under Article 5, Section 7A.

- (11) The number of employees on a 4x10 work schedule will be determined based on operational requirements. The provisions of this agreement apply only while a 4x10 schedule is in force and effect. Should a 5/40-work schedule need to be implemented by the Company for any reason, the Company would give the Union and the employees at least thirty (30) days advance notice, unless operational requirements require more immediate implementation.

E. 9/80 Alternative Work Schedule

- (1) The 9/80 alternative work schedule may be implemented based on operational requirements subject to a 2/3 approval vote of the total affected employees. The affected group will be identified to the Union 30 days prior to the vote; either party may address any group irregularities for consideration. The vote will be conducted by the Union in the facility.
- (2) **The Union may conduct an annual vote subject to a 2/3 approval of the total affected employees to continue the 9/80 alternative work schedule.**
- (3) The basic 9/80 workweek will include a nine (9) hour workday Monday through Thursday; an eight (8) hour workday Friday and an “off” Friday every other week. The workweek will begin at mid-shift on Friday. The 9/80 work schedule retains a 40 hour workweek (see attached workweek schedule) and may have two tracks, Track “A” and Track “B”. Where there are two tracks, initial track selection will be by volunteer by seniority.
- (4) Each pay period will be for 40 hours unless overtime is worked.
- (5) Overtime pay at time-and-one-half will be paid for hours worked in excess of nine (9) on a nine (9) hour workday (Monday through Thursday) and over eight (8) on the work Friday. Overtime at time-and-one-half will be paid for work on an “off” Friday. All other provisions requiring the payment of overtime will continue in accordance with the Collective Bargaining Agreement (CBA).
- (6) Vacation pay may be taken up to nine (9) hours for a vacation day taken on a nine (9) hour day Monday through Thursday; and up to eight (8) hours for a vacation day taken on a work Friday, or in increments as currently allowed under the CBA. The accrual policy will remain the same as defined in the CBA.
- (7) Sick leave may be taken in increments in accordance with the CBA or up to nine (9) hours for full workdays Monday through Thursday and eight (8) hours on a work Friday.
- (8) Holiday pay will be nine (9) hours for a Holiday that falls on Monday through Thursday and eight (8) hours for a Holiday that falls on a “work Friday.” No payment will be made for a Holiday that falls on an “off” Friday. However,

payment for hours worked on a designated Friday Holiday will be paid at the double time rate.

- (9) Total Holiday hours under the 9/80 work schedule will not be less than **96 hours annually**.
- i) If the 9/80 work schedule results in a reduction of negotiated Holiday hours, these hours will be credited to the employee's vacation account annually.
- (10) An employee who is unable to work regularly scheduled hours due to jury/witness duty will be paid nine (9) hours for Monday through Thursday and eight (8) hours for a "work Friday" not to exceed the total number of days covered under the CBA.
- (11) The number of employees scheduled on either track ("A" or "B") at any time will be determined based on operational requirements. Initial selection of employees will be by volunteers by seniority. Once an employee is assigned to a track, the Company will not reassign to another track without mutual agreement, provided that operational needs are satisfied.
- (12) The following procedure shall apply in the transfer of employees between schedules and tracks:
- i) Employees may submit a written request to transfer from one schedule/track to another schedule/track once each 12 months in accordance with operational requirements. However, the Company will not be obligated to transfer any employee between schedules/tracks.
- ii) Any employee transferring in accordance with this provision shall have "Holiday" hours adjusted in order to prevent any loss in negotiated "Holiday" hours resulting from a transfer. Adjustments to paid holiday hours will be made to the employee's vacation account. If an employee changes work schedules or 9/80 tracks, the effective date of the change will be at mid-shift Friday.
- (13) Exemptions from the 9/80 schedule or variances may be approved on an individual basis by the cognizant manager as operational requirements allow to accommodate certain hardships such as those related to personal health, medical care, daycare, and transportation. An employee who is denied may file a grievance at Step 2.
- (14) It is not the Company's intent to utilize the 9/80 to circumvent the overtime provisions of the CBA not covered by this letter.
- (15) The provisions of this agreement apply only while a 9/80-work schedule is in force and effect. Should a 5/40-work schedule need to be implemented by the Company for any reason, the provisions of the current labor agreement will apply. Should this be necessary, the Company would give the Union and the employees at least 30 days advance notice, unless operational requirements require more immediate implementation.

(16) A Friday attendance infraction can only count as one infraction.

F. Flexible Time (Flextime or Make-up Time)

To improve the quality of life for employees by enhancing opportunities to fulfill personal needs (i.e. parent/child conferences, doctor appointments, family illness, etc.) Flexible Time is provided to accommodate employee personal time off requests, provided that operational requirements can still be met.

- (1) Employee Request: An employee may normally request in writing, at least 48 hours in advance, to work an adjusted schedule for equivalent time off during the same workweek. Authorization is subject to operational requirements and advanced approval by cognizant leader.
- (2) Requests shall not be unreasonably denied.
- (3) Flextime is not regular and recurring, but rather to accommodate short-term requirements.
- (4) Flextime is only available to full-time employees.
- (5) Flextime is compensable at straight time rate. Employees will be ineligible for overtime until the regularly scheduled hours are completed.
- (6) Employees fulfilling their flextime workweek have priority of assignment over overtime.
- (7) If an employee reports for less than four (4) hours due to their flexweek scheduling, they are not entitled to 4 hours report pay.

The language provided in this Section shall supersede any conflicting language from the CBA.

- (3) An employee who, on March 13, 1996, was a Lead and whose rate was higher than their own rate range maximum as a result of leading employees in a higher labor grade, shall continue to receive such rate until:
 - (a) such Lead is no longer leading an employee in a higher labor grade or
 - (b) such employee ceases to be a Lead.

Section 6. Test Leads

As soon as administratively practicable, employees who are up-to-date on the applicable test lead training shall be paid a bonus of fifty cents (\$.50) an hour, retroactive to March 18, 2023. This premium shall also be included in overtime computations. Leads paid in accordance with Article 7, Section 5 are not eligible for the test lead bonus. Selection or removal of test leads, including temporary, shall be at sole discretion of the Company.

Section 7. Report Pay

A. General

- (1) No pay shall be granted under this Section where work is not available as a result of, but not limited to, an act of God, fire, flood or power failure.
- (2) The Company shall not be responsible for notifications under this Agreement if an employee fails to inform the Company of his/her correct address and telephone number.

B. Report-In Pay

An employee reporting for work on his/her regularly assigned shift within his/her normal workweek schedule, without previous notice not to report, shall be paid a minimum of four (4) hours at his/her working rate. An employee called in to work on the sixth or seventh day of the workweek or a holiday shall receive a minimum of four (4) hours at the appropriate premium rate. To qualify for pay under this Subsection B an employee may be required to perform any work reasonably within his/her capacity.

The phrase “previous notice not to report” as it related to Report-In Pay outlined in Article 7, Section 7(B) shall herein be defined as:

- Day and Swing Shifts:

- **Notice not to report in for overtime the preceding day shall be given to the employee no later than the end of the employee’s regularly assigned shift (i.e. notice has to be given by end of shift Thursday for Friday overtime).**
- **If the assigned overtime shift is the day after a nonscheduled work day (i.e. 9x80 off Friday, Saturday, Holiday, Vacation, or Sick day), then notice shall be given to the employee by 8 pm the night before their scheduled overtime shift.**

- In the event there is an established graveyard shift, or any temporary odd work weeks, the Company and the Union will meet and establish notification timelines applicable for such shifts.

- Should the need to deviate from the established notification periods outlined above arise; the requesting Manager and Base Steward shall meet and agree to a reasonable alternative and shall not unreasonably withhold agreement. The agreed upon alternative shall be set forth in writing and distributed to the interested parties.

C. Call-Back Pay

An employee called from home to report back for work after the end of his/her regularly assigned shift will be paid a minimum of four (4) hours at the appropriate overtime rate.

D. Early Report Time

An employee required by the Company to start work before the established starting time of his/her regularly assigned shift, who continues to work during his/her regular shift hours without clocking out of the plant prior to such starting time, shall be paid one and one-half (1-1/2) times his/her working rate for hours worked prior to such starting time and his/her working rate for hours worked during his/her regularly assigned shift, with the following exceptions:

- (1) No such premium will be paid if the employee, at his/her own request, works less than a total of eight (8) hours (seven (7) hours if his/her regularly assigned shift is graveyard shift), in that workday.
- (2) If an employee works more than twelve (12) continuous hours:
 - a. All hours worked during his/her regularly assigned shift shall be paid at his/her working rate.
 - b. The difference between the number of hours worked on his/her regularly assigned shift and twelve (12) hours, will be paid at one and one-half (1-1/2) times his/her working rate.
 - c. All hours over twelve (12) will be paid at two (2) times his/her working rate.
- (3) Hours for which premium pay is paid pursuant to this Subsection shall not otherwise be compensated as premium time except that such hours worked during the seventh day of the employee's workweek shall be compensated for in accordance with Section 2 of this Article, as such Section applies to seventh day premium, instead of this Subsection.

E. Emergency Response

Annually, the parties will establish an emergency response list. This list will be implemented in the event of a natural disaster (e.g. hurricane, major flooding, earthquakes, fire) resulting in base or facility closures. It is understood that the primary intent of this list will be to access and perform facilities and general maintenance required to restore operations at the base/facility which may require employees to perform work outside their normal classification. In the event there is a greater number of volunteers required for operations, the most senior employees will be selected first. In the event the work demand is greater than the number of volunteers required, employees will be called in to work in reverse seniority (most junior) order to perform the necessary recovery efforts. It is understood during these situations if an employee is unable to access the facility due to reasons beyond his/her control, (e.g. road closure, downed powerlines/trees) the employee will not be charged for an attendance infraction. Employees called in/back in accordance with this provision shall be paid at two (2) times the employee's base rate of pay for all hours worked. If the employee is sent home prior to working a full shift they will be compensated for his full shift.

Section 8. Pay Period

Pay checks shall be issued to employees within eight (8) days after the end of the pay period. The pay period may be changed by mutual agreement. The current methods of pay delivery options include Paper Checks and Direct Deposit.

Section 9. Lost Time

Deductions for time off, whether due to tardiness or other causes, shall be at the rate of one-tenth (1/10) of an hour's pay for each tenth of an hour or fraction thereof lost from work.

Section 10. Payroll Deductions-Company Reimbursement

Payroll deductions may be made to reimburse the Company as follows:

- (1) For cost of tools and equipment issued to an employee but not returned by him/her, such costs to be subject to wear of such tools and equipment. An employee so charged shall be reimbursed by the Company in the event of the subsequent return of such tools and equipment to the Company provided they may be properly identified and are in the same condition as when issued to the employee.
- (2) For money paid by the Company to a creditor or officer of the law for an indebtedness of an employee, provided demand is made upon the Company according to law.
- (3) For any indebtedness due to the Company covering purchases made by an employee through the Company.
- (4) For any loans, advances or overpayment of wages made to the employee by the Company.

Section 11. Field Duty (See coded letters D-16 and E-1)

A. Definitions

- (1) An employee shall be considered on field duty when sent by the Company, on a temporary basis to perform their normally assigned duties (such as, but not limited to, support a launch or other defined mission support), to places within the continental limits of the United States other than the plant or test base to which permanently assigned, when such temporary assignment is at such a distance that it requires the employee to obtain lodging at other than his/her established residence.
- (2) An employee shall be considered on business travel when sent by the company on a temporary basis for work other than their normally assigned duties (such as, but not limited to, attend a training or conference).

- (3) The provisions of the Agreement for shift, odd workweek and overtime premiums as well as Lead bonus shall apply in the same manner as at the employee's regular work station.
- (4) If an employee is required to travel, it is the intent of the Company to provide the employee written notification forty-eight (48) hours prior to the effective date of the assignment or as soon as administratively practicable. Exceptions to the written notice requirement include customer driven requirements and unforeseen circumstances. If the affected employee or employees are not given written notice forty-eight (48) hours in advance of such action being taken they will then be paid at one and one-half (1.5) times the base rate of pay for hours worked/travel during the forty-eight (48) hour notice timeframe.
- (5) When it is determined by the Company that employees need to go on travel, volunteers will first be asked. If too many qualified employees volunteer the company will use the current overtime list of each affected group and selection for travel will be on basis of lowest accumulated hours of qualified employees. If the company is not able to obtain enough qualified employees to support the field duty assignment, the employee with the lowest seniority will be selected to support the assignment.

B. Field Duty Pay

- (1) An employee assigned to field duty shall receive, in addition to his/her regular rate of pay, additional pay in the amount of **one dollar (\$1.00)** per hour. Such additional amount of pay shall be effective only for the period of time an employee is so assigned to such field duty and shall begin the day after the employee commences travel on such field duty assignment and end on the day preceding the day such employee returns to his/her regular work station.
- (2) While an employee is traveling to and returning from a **place of residence/Lodging while on** field duty assignment, he/she shall be paid at his/her working rate for a day of departure or a day of arrival, or at the applicable premium rate if these days fall on the sixth or seventh day of his/her workweek, or at overtime rate with respect to hours actually worked outside his/her regularly scheduled shift as follows:
 - a. If no work is performed on such day, for his/her regularly scheduled hours for such day, or
 - b. for hours worked on such day if worked prior to departure or immediately following arrival, in addition to travel time falling within the hours of his/her regularly assigned shift, but not less than a total of his/her regularly scheduled hours pay for such day, or
 - c. for hours worked on such day if worked prior to departure and immediately after arrival, in addition to travel time, but in no event less than a total of his/her regularly scheduled hours pay for such day.

- (3) With respect to days such employee is traveling, other than the day of departure or the day of arrival, he/she shall be paid at his/her working rate, or at his/her overtime rate if travel is on the sixth or seventh day of his/her workweek.
- (4) On a day of departure or a day of arrival an employee may be assigned to an odd shift. Pay for such shift shall be at the employee's working rate.

C. Per Diem Allowance

- (1) An employee assigned to field duty shall be reimbursed for necessary, actual and reasonable business expenses while on such field duty assignment. The Company reserves the right to amend, modify, or otherwise change the provisions of the section if business conditions or policy warrants such change.
- (2) An employee not on field duty as defined herein, but who is on an assignment away from his/her regularly assigned plant which delays his/her return to his/her residential area and deprives such employee of having dinner at home at a normal hour, shall be reimbursed for actual reasonable dinner expenses incurred.

D. Use of Personal Automobile

An employee required or permitted to use his or her own automobile for travel on authorized field duty, or on occasional travel for authorized Company business, shall be reimbursed at the rate set by the Internal Revenue Service (IRS) for such necessary mileage. This reimbursement rate includes the fair market value of maintenance of, and insurance for, the automobile used. At all times while operating a privately owned vehicle on authorized Company travel or travel for authorized field duty the employee shall maintain at least the minimum kinds and amounts of automobile liability insurance required in the State(s) where the vehicle is operated and shall comply with Company Management Procedures covering such use of privately owned vehicles on Company travel and travel for field duty. During use of a personal automobile for travel on authorized field duty and while on authorized Company business, the Company shall also provide such employee with automobile liability insurance coverage in excess of the limits of their personal automobile liability insurance with respect to liability for bodily injury (including death) and property damage to third parties, including passengers, arising out of such usage. Such Company insurance coverage shall apply only after such employee's own personal liability insurance has first been applied.

Section 12. Recognition Awards Program

A. Bargaining Unit employees may receive awards under the Company's awards program. This currently includes SPOT Awards, Special Recognition and other similar monetary as well as non-monetary rewards and recognition programs. The Company will notify when implementing awards programs which impact bargaining unit employees.

B. The Company may decide to implement program-specific retention and/or mission success compensation plans for employees on programs that are phasing out. It is agreed that if the Company desires to provide such a compensation plan to bargaining unit employees, the Company will provide the Union with written notice of its intent as well as specific written details of the Company's proposed plan. Prior to implementation of the plan, the Company will meet with the Union to discuss the details of the plan.

C. The Union recognizes the Company has the right to make any changes, additions and/or discontinuation to these Programs and agrees that the design and administration of the Programs as well as the amount and frequency of awards program administration, eligibility as well as any potential changes to or terminations of the Company's programs, are the right of the Company and not subject to the grievance procedure.

ARTICLE 8 APPLICATION OF JOB DESCRIPTIONS AND GLOSSARY OF TERMS

Section 1. Job Descriptions

Job descriptions for the classifications listed in each C.E.G. or for classifications established in each C.E.G. pursuant to Subsection C of Section 1 of this Article are incorporated therein.

The following basic principles govern the preparation of these descriptions; these same principles are to govern their use.

A. General

- (1) The title selected for a classification is that which most clearly indicates the general nature and character of the work performed, and yet serves to set the classification apart from others described.
- (2) The Summary developed for each classification is a brief description of the classification as a whole, the purpose of which is to set it forth in separation from other classifications.
- (3) The job description describes typical and normal requirements. These requirements are characteristic of the job and illustrate a level of difficulty of work and are not intended to list or describe all work operations, or tasks done within the classification. These requirements may not fit all specific individual work assignments, as the description when written was stated so as to be broad enough to include all variations of work in the classification as it existed throughout the Company.

B. Interpretation and Application of Job Descriptions

- (1) The job description is written to define and illustrate the job standard to be established and as such shall be interpreted and applied in its entirety as a composite picture of the job requirements. This means that the Summary, Work Performed (Typical Materials, Tools and Equipment Used, when applicable) and Knowledge and Ability Required, all must be considered in arriving at the proper classification.
- (2) In order to secure, or hold the classification, the employee must be assigned regularly and consistently to that work which distinguishes the classification from other classifications.
- (3) An employee's classification shall be determined in the light of the highest requirements for knowledge, ability and skill necessary to perform his/her regularly assigned duties. In making this determination, duties that are performed infrequently or rarely shall not be considered or made the basis of granting the higher

classification. This would not be applicable, however, to intermittent duties of a higher level to which the employee is specifically assigned in an area where the prevailing day-to-day routine may fall in lower requirements. If the employee on such an assignment is expected to possess and apply the knowledge, skill and ability necessary for performance of the higher level work, he/she is entitled to the higher classification even though the majority of work time may be spent on the lower level work. In such a case, the employee is assigned to bring to the job the higher skills which he/she is expected to use as requirements demand. To cite an example:

An employee spends most of his/her time in the performance of machinist work properly classified as that of a Machinist-Lathe. In addition, he/she is, on occasion, required to perform machinist level work on a milling machine and a planer. Assignment to these latter two machine tools at the machinist level, though it is performed only infrequently, warrants classification as a Machinist-General.

- (4) The job descriptions herein referred to are of a composite nature and do not thereby require an individual employee to perform all of the work therein mentioned, except where the job description indicates otherwise.
- (5) The work operations, duties and other distinguishing characteristics described in a job description are those which are performed under guidance or instruction which is considered usual and normal for the work described.
- (6) The job descriptions are not intended for, and should not be confused with, operation sheets, work instructions, or work assignment sheets, etc.
- (7) Job descriptions were prepared on the basis that:
 - a. As a part of promotional procedure, an employee occasionally performs some of the work of higher-rated jobs under close guidance and instructions in order to qualify for advancement.
 - b. An employee performs the work of lower-rated jobs when required.
 - c. The normal duties of any employee may include assistance to other workers on work operations.
 - d. Normal job relationships between employees include giving guidance and instruction to each other, as long as such guidance and instruction is not extended to conflict with the duties of a Lead.

C. Establishment of New Jobs

- (1) The Company shall develop an appropriate job description and place such job in one of the Labor Grades set forth in the affected C.E.G. if, after the effective date of this Agreement, a new job is established as a result of any of the following:

Introduction of new work of a nature comparable to that covered by existing job descriptions for classifications referred to in Section 1 of this Article 8.

- a. The combination of work covered by such existing job descriptions.

- b. A substantial change in the duties or requirements of an established job.
- (2) The Company shall furnish the Local Union with the new job description and shall submit for approval by the Local Union the placement of such classification in one of the Labor Grades for the affected C.E.G. If agreement on such placement is not reached within seven (7) calendar days from the date of submission, the Company may place the new job description and rate into effect, subject to continued negotiation of such placement in the Labor Grade structure. The Company will notify the Union on the date the new job description and rate are placed into effect.
 - (3) If agreement as to placement in the proper Labor Grade is not reached within fifteen (15) calendar days from the date the job is placed into effect, either party may refer the matter to arbitration in accordance with the applicable provisions of the Agreement. The arbitrator shall have the authority to determine in which of the Labor Grades the new or amended classification shall be placed on the sole basis of the relationship the new job bears to other classifications in the Labor Grade structure.
 - (4) Any change in the established rate resulting from these negotiations shall be retroactive to the date the Company placed such rate into effect.
 - (5) The Company may reinstate (reactivate) without any change of language, a previously deleted job classification, placing it into the same labor grade in which the job classification was assigned at the time of its deletion. In reactivating a classification, the Company will notify the Union of the date the classification is to be reactivated and the organizations in which it will be initially used. The Company will not fill any opening in such job classification until fourteen (14) days following notification to the Union.

D. Classification of an Employee

Each employee shall be placed in the classification proper for the work he/she performs and job descriptions shall be applied in accordance with Sections 1 and 2 of this Article.

Section 2. Glossary of Terms and Phrases

A. Glossary of Terms and Phrases Used in Job Descriptions

In preparation of the job descriptions the following terms and words are given definition and meaning to clearly indicate the common and consistent interpretation to be placed in them by all persons using the descriptions.

The meaning of words and phrases not included in this glossary shall be as defined in Webster's Collegiate Dictionary.

ADAPTS: Means to utilize for other purposes than originally intended.

ANGLE, COMPOUND: Means the angle between the two non-coinciding sides of two oblique angles which are in different planes and have a vertex and one side in common. Making a compound angle usually presents a coordinating tolerance problem since it results from the holding within tolerance of two adjoining component angles.

AS REQUIRED: Means performance of work operations if and when such are necessary as long as they are within the level of difficulty described.

AUTHORIZED DOCUMENT: Means any type of document which is used by the Company to transmit to the worker what is to be done, how it is to be done, and/or what specifications or requirements are applicable to the work.

BLUEPRINTS, ASSEMBLY AND INSTALLATIONS: Are blueprints which provide information for the installation and/or assembly of fabricated and accessory parts into an assembly.

BLUEPRINTS, DETAIL: Are any class of blueprints which give necessary detailed information for fabricating one or more parts.

BLUEPRINTS, DETAIL ASSEMBLY: Are blueprints which provide information for assembling parts together with the necessary information for making some or all of the individual parts.

CHECK: A clerical function of examining and comparing facts, figures or other data to determine completeness and accuracy.

CHECK, FUNCTIONAL: Means to determine or ascertain whether a unit or a portion of a system performs the function for which it is intended and whether rework or alteration is required.

CHECK OUT, OPERATIONAL: Means making a complete check of an entire completed independent system to determine if rework or alteration is necessary.

CONTOUR: Means a curved surface having radii of different lengths all of which lie in parallel planes or the same plane, such planes being perpendicular to the curved surface, or a curved line having radii of different lengths all of which are in the same plane. The surface of a cone or section thereon, a typical airfoil surface, the curved edge of a profiled plate and the curved layout line guiding the making of a router block are examples. Contour

surfaces composed of sections of cylinders and edges whose profile is a section of a circle are excluded since the radii are the same length.

CONTOUR, COMPOUND: Means a curved surface having radii of different lengths which lie in non-parallel planes.

CONTOUR, REVERSE: Means a contour that reverses its curvature so that it has both concave and convex portions.

COORDINATED TOLERANCES, COORDINATED DIMENSIONS: These expressions are used only when exacting tolerances are implied. It should be understood that the mere location of a point by two or more reference dimensions does not in itself mean that the dimensions themselves are coordinated. An example of truly coordinate dimensions is shown in the following: The precision dimensions between two holes must be held while at the same time the precision dimensions locating each of the holes must also be held with respect to another reference point or line.

DETAIL BENCH ASSEMBLY: Detail bench assembly is that type and size of assembly work where size of parts, jigs and fixtures allows their being worked on a bench. Floor type jigs of similar size are included.

DETERMINE: To choose, judge, or decide; to select pertinent data or information from documents, records, etc.

DEVELOPS, DEVELOPMENT: Means to develop information and/or build or make new parts, assemblies and installations or patterns, and tooling, where exercise of a thorough knowledge of the shop theory involved is necessary, and further is a recognizably difficult assignment which is characterized by requiring ingenuity (skill in devising) and originality (creative in doing) to accomplish the assignment satisfactorily.

FABRICATES COMPLETELY: Means to perform all necessary fabrication operations required to produce a finished article ready for use in an assembly, missile or the plant.

FIXTURES: Refers to holding, production, or established fixtures, or standard tooling designed to hold, align, or coordinate the workpiece for machining, fabrication, installation, assembly, layout, or other work operation.

HELPS/ASSISTS: Means to assist or aid an employee in the performance of his/her duties as set up in the particular job description where the phrase exists. The assisting worker is not expected to work wholly independently but rather cooperatively and, further, is entitled to, and should receive, the guidance and instructions considered usual and normal under these circumstances.

HAND TOOLS: Includes those portable tools used by hand by the worker in the normal performance of duties and tasks of the occupation in which he/she works.

IMPROVISE: Means to contrive or make use of makeshift tooling and/or methods to meet immediate needs or requirements.

IMPROVISE SHOP AIDS (ETC.) TO FACILITATE FABRICATION, ASSEMBLY, AND/OR INSTALLATION AS REQUIRED: This does not mean to go into a tool making program or to conflict with the duties of those engaged in tool making occupations.

INITIATE: To introduce by a first act; originate; begin.

KNOWLEDGE: To know and understand the principles, operations, and procedures required of a specific job or function and the ability to apply such knowledge to the performance of the specified job.

KNOWLEDGE, BASIC: To know the fundamental principles and operations of a specific job or function, but does not require the ability to apply such knowledge.

KNOWLEDGE, COMPLETE: Means full understanding of, and ability to apply, all facts that must normally be known by the worker in the occupation.

KNOWLEDGE, ELEMENTARY: Means that the employee is not expected to carry out the technical functions of his/her classification completely without guidance from supervision or more senior fellow workers.

KNOWLEDGE, WORKING: To know or understand the fundamental principles and operations of a specific job or function and the ability to apply that knowledge as a minimum requirement for the performance of the given job.

KNOWLEDGE OF: Means knowledge of the inherent elements or details of a job that must be known by a worker to do his/her work satisfactorily.

LAYOUT: Means the marking of points and lines which will determine the exact location and/or dimensions of the part, tool, or assembly.

LIAISON: The act of investigating problems, coordinating activities and contacting personnel with a view to arriving at mutually acceptable agreements, change, etc.

MATERIAL: Used to designate raw stock or purchased items which must be subjected to processes of manufacture.

MAY: Means that the function is performed by some of the personnel holding the classification or, that the function is occasionally performed, but is not requisite for the classification.

PROCESS: Receive forms or documents, check to determine the necessary information is shown, make records from or add any required data to document, and send to next destination.

PROCESSING: An inclusive term covering various finishes, etc., such as: Anodizing, cadmium plating, etching, painting, oiling, passivating, chromodizing, pickling, plating, degreasing, sandblasting and similar operations which do not change the basic structure of the materials processed.

PRODUCTION ILLUSTRATIONS: Are blueprints or sketches which are used as an aid in visualizing parts and/or their assembly and are usually isometric, perspective, pictorial or third angle projection drawings or photographs.

RECONCILE: To bring into agreement. To check (as facts, figures, accounts, etc.) one against another and make, or arrange for, adjustments necessary to bring the two into balance or agreement.

REWORK: Means that type and kind of work involving disassembly, modification, repair, and/or rebuilding of any part, assembly, or installation as set forth and described in the WORK PERFORMED section of the job description within the limits of the occupation or classification in which the rework is to be performed.

SET-UP; SETS UP: Includes the various necessary physical work operations or steps, (other than layout) which must be accomplished before actual fabrication can proceed. Set-up of machines or equipment might include such operations as selecting and aligning proper tooling, positioning and securing material, and setting speeds, feeds, stroke, travel, pressure, flow, etc. In most assembly operations, set-up (e.g., positioning of parts, obtaining parts) is so closely intermingled with fitting and joining together that set-up is not customarily designated as such. This is generally true of operations where machine operation is not the primary job factor.

SHOP MATHEMATICS: Is that form of mathematics normally used by shop workers in the performance of the occupation in which he/she works.

SHOP MATHEMATICS, INCLUDING TRIGONOMETRY: Means the use of trigonometry to solve any problem that may arise in the work to which assigned.

SHOP PRACTICE: Means the generally accepted method of performing a basic, common or usual operation under specified conditions. It covers the knowledge which is common to the occupation itself and to most manufacturing shops using the operation under consideration. Besides knowledge and ability to use required hand tools and equipment, it includes knowledge of general safety practices, conduct, rules of cleanliness, neatness, good housekeeping and care of equipment. When used in the phrase "shop practices and procedure", practice need not imply other than practice or methods learned or acquired at the Company.

SHOP THEORY: Implies a knowledge of "why" as well as "how" a given task should be done. It implies a real understanding of the diversity of work in an occupation, of the capacities and limitations of machines used, and of the skills involved.

SURVEY: To examine, select, and check data, and determine the accuracy and/or adequacy of the information contained.

TOLERANCES, CLOSE: Means those tolerances which are held by the machine, operator and/or fixture without great or special care, effort, or skill on the part of the worker. This term expresses a level of difficulty rather than preciseness of linear, angular or other measurement.

TOLERANCES, EXACTING: Means those tolerances which require special care and attention on the part of a skilled worker to obtain or hold. These tolerances would be difficult, if not impossible, for a semi-skilled or unskilled worker to hold consistently at a good production rate. This term expresses a level of difficulty rather than a preciseness of linear, angular or other measurement.

WHEN SO ASSIGNED: Means that the work operation, function or job duty is usually and normally performed after or as a direct result of an order, work assignment or request from immediate supervisory personnel when an occasional or incidental job requirement exists.

WHERE COMPLETE INFORMATION IS NOT READILY AVAILABLE:

- (1) This phrase is not to be interpreted as requiring the worker to develop his/her own information, except for such information which falls into the category of acceptable shop practice.
- (2) Where this phrase is used in a job description it is understood that all workers in the classification will work under these conditions as required.

WITH OR WITHOUT THE AID OF TOOLING: This phrase means that in some cases where tooling does not exist or is faulty, the worker may be required to work around such a condition. At times when this condition does not exist the worker may still hold the classification, provided other qualifying factors of the classification are present in the job.

WORK FROM PRODUCTION, PRE-RELEASE, CHECK, DETAIL, ASSEMBLY AND INSTALLATION BLUEPRINTS, D.A.T'S SKETCHES, OR OTHER AUTHORIZED DOCUMENTS: This statement when used in a job description does not mean that a worker must have a complete knowledge of all the above-mentioned documents, but only to the extent of the difficulty described in the description where used.

WORKS WITH AUTHORIZED LIAISON PERSONNEL AS NECESSARY (OR WHEN REQUIRED):

- (1) This phrase is intended to cover situations such as when trouble develops on a job the worker goes to his/her lead or supervisor who in turn may call in a liaison, and then the worker, being more familiar with the job, will cooperate with the liaison to straighten out the trouble.
- (2) Under this phrase it is not intended that workers are to contact or be contacted by liaison personnel, except through their supervision.

It is understood that all statements used in specific job descriptions are to be interpreted on the basis of the level of difficulty contained in the respective descriptions.

**ARTICLE 9
SUPPLEMENTAL PAYMENTS AND
LABOR GRADE STRUCTURES**

Section 1. General

This Agreement shall be effective March 12, 2023 except as otherwise provided herein.

For purposes of Supplemental Wage payments and Cost-of-Living supplements, an approved “leave of absence” is defined as a leave of absence of less than one year.

Section 2. Effective Dates of Rate Ranges

The minimums and maximums of the Labor Grades and rate Ranges and the classifications as set forth in the Parts of this Agreement shall be effective as of the dates shown in such Parts of this Agreement.

Section 3. Ratification Bonus

Provided that each member of the Union’s negotiating committee fully endorses and recommends the Company’s proposal to the Union membership, and the membership ratifies the contract by 8:00 p.m. (PST) March 5, 2023, a \$5,000 ratification bonus will be paid within 60 days of ratification to all eligible employees on the active payroll as of March 5, 2023, or employees on an approved leave of absence for less than one year, or on military leave.

The entire 2023 ratification bonus may be deferred **in five hundred dollar (\$500) increments, without Company matching contributions**, to the Hourly Savings Plan Plus (401K) **and/or the Health Savings Account (HSA)** upon completion of the appropriate form within fifteen (15) calendar days following ratification, **subject to IRS Regulations. It is the responsibility of the employee to ensure their account is open and that the elected deferral amount will not result in account balances exceeding the IRS annual maximums. If at the time of deposit, the deferral amount will result in account balances exceeding the IRS annual maximum, the entire deferral payment will be paid to the employee, minus applicable taxes.**

Section 4. General Wage Increase

Effective the **third** pay period of March in each calendar year, the base rate of each employee on the active payroll or an approved leave of absence or military leave on such date shall be increased as follows:

2023 – four percent (4%)

2024 – four percent (4%)

2025 – three percent (3%)

2026 – three percent (3%)

2027 – three percent (3%)

The minimums and maximums of rate ranges for all labor grades shall be increased by the above noted amount effective the same date. Any employee with a base rate below the minimum of the adjusted rate range shall have their base rate adjusted to the minimum of such rate range.

On March 18, 2023, a one dollar and twenty-five cents (\$1.25) increase will be applied to the maximum of all labor grades. Employees on the active payroll or on approved leave of absence will receive a one-time increase of one dollar and twenty-five cents (\$1.25) per hour to their hourly straight time rate.

Section 5. Retirement and Voluntary Termination Notification Program

The Company will grant \$500 to employees whom provide at least a 90-day advance notice of their intent to retire or voluntarily terminate from the Company. Employees planning to retire or voluntarily terminate from the Company during the life of this Agreement are eligible to receive \$500 by submitting written notification to Labor Relations and their supervisor at least 90 days prior to their retirement/termination date. Participating employees will be expected to cross-train existing and/or new employees prior to their retirement/termination date. The \$500 will be paid in the employee's final paycheck. Employees leaving the Company through the Retirement and Voluntary Termination program waive any rights to recall as outlined in the Collective Bargaining Agreement.

Section 6. Job Upgrade Adjustments

Employees on the active payroll of the Company as of the effective date of this Agreement and who are placed into a higher labor grade or rate range on the effective date of this Agreement, shall receive a promotional increase in accordance with Article 7, Section 1 (C) of this Agreement. Rate range adjustments from T&O rate ranges to Factory rate ranges shall receive promotional pay consistent with the increase of a three or more labor grade promotion. This provision shall only apply to employees whose classification is upgraded.

Section 7. Cost-Of-Living Supplements

On or before the third pay period of December in each calendar year a supplemental cost of living payment in the amount of **one thousand dollars (\$1,000)** will be paid to each employee on the active payroll, on approved leave of absence for less than one year, or military leave on the **third Friday of November** in each calendar year.

The Supplemental COLA payment may be deferred in **five hundred dollar (\$500)** increments, **without Company matching contributions**, to the **Performance Sharing Plan (PSP)** and/or the Health Savings Account (HSA) upon completion of the appropriate form by October 15th of the year in which the payment is to be made **subject to IRS Regulations**.

It is the responsibility of the employee to ensure their HSA account is open and the elected deferral amount will not result in an account balance that exceeds the IRS annual maximum. If at the time of deposit, the deferral amount will result in an account balance that exceeds the IRS annual maximum, the full deferral amount will be paid to the employee, minus applicable taxes.

On or before January 19, 2024, a lump sum bonus in the amount of five hundred dollars (\$500) will be paid to each employee on the active payroll, on approved leave of absence for less than one (1) year, or military leave as of December 15, 2023.

The lump sum may be deferred in two hundred fifty dollar (\$250) increments, without Company matching contributions, to the Performance Sharing Plan (PSP) and/or the Health Savings Account (HSA) upon completion of the appropriate form by December 15, 2023, subject to IRS Regulations. It is the responsibility of the employee to ensure their account is open and that the elected deferral amount will not result in account balances exceeding the IRS annual maximums. If at the time of deposit, the deferral amount will result in account balances exceeding the IRS annual maximum, the entire deferral payment will be paid to the employee, minus applicable taxes.

Section 8. Labor Grade Structure

(Applicable at Contract Enforcement Groups Covered by Parts B)

- (1) The minimums and the maximums of the Factory Labor Grades (Non-GPR) are as follows:

FACTORY RATE RANGES

March 18, 2023

Labor Grade	Minimum	Maximum
20	\$29.97	\$56.26
19	\$28.82	\$54.15

Subject: OUTSOURCING

During 2005 Negotiations the parties discussed the subject of outsourcing of work currently performed by bargaining unit employees.

Although the parties recognize that the Company may decide to outsource/ contract out certain work for reasons such as cost, time, availability of manpower/ equipment or other considerations, the Union expressed its concern about the impact of outsourcing upon employment in the bargaining unit.

The Company stated that it would notify the Union of any intended outsourcing that would have a significant impact on the bargaining unit to provide the Union with an opportunity to discuss the matter and engage in effects bargaining.

In addition to the above, the parties agree to meet semi-annually to discuss planned decisions involving outsourcing and other plans that might affect employment in the bargaining unit.

This letter does not modify the provisions of the Collective Bargaining Agreement.

**LOCKHEED MARTIN SPACE
&
INTERNATIONAL ASSOCIATION OF MACHINISTS
AND AEROSPACE WORKERS**

Letter of Agreement: 3-D printing

New technologies and their practical applications are something that is in continuous anticipation. New forward thinking processes help provide a competitive edge for the Company and its employees; making it mutually beneficial to collaboratively weave such application(s) into the workforce. These sentiments are further echoed in the applicable sections of the collective bargaining agreement. With the latest in technological advancements, these additive manufacturing techniques allow for reciprocating success by further enabling continued brainstorming as a team.

The purpose of this agreement is to address and fully resolve the current outstanding issues between the parties with respect to additive manufacturing equipment otherwise commonly referred to as 3-D printers. Bargaining Unit personnel shall perform the job duties as stated in the “Additive Manufacturing Technician” job description (Labor Grade 13). It also understood that the qualifications are stated in the “Knowledge and Ability Required” portion of the job description. However, in instances when the Company determines that manpower is unavailable in the Additive Manufacturing Technician classification or the work to be performed does not justify as a rational business decision the employment of a full-time position, then the Company may utilize other bargaining unit job classification(s) provided such classification are at a higher classification, per the CBA, to perform such functions, in whole or in part, as contractual language would allow.

Non-bargaining unit Company employees will maintain their current responsibilities: design, programming, engineering and file loading responsibilities with respect to all additive manufacturing equipment. In addition, while staffing is not able to be present or otherwise engaged, non-bargaining unit Company personnel may end and start a 3-D printing process, during shifts where an Additive Manufacturing Technician is not available, up to four (4) times a month not to exceed thirty (30) minute durations for each occurrence. On the fifth occurrence, or any thereafter (in the month) where a non-bargaining unit employee performs such work, the Company shall pay the appropriate classification (those performing the work) who has the least amount of hours in the overtime spread, two (2) hour of straight time pay for each offense. An additional fifteen (15) minutes will be availed on one of the four (4) occurrences in a given month. If a need arises for additional occurrences, Management will offer the opportunity to perform the necessary work to bargaining unit employees in classifications above the Additive Manufacturing Technician, when such classification is not filled. In those instances, those who volunteer to work will be paid no less than two (2) hours of overtime for the call-in. In the event there are no volunteers for the offered assignment, the Company may utilize non-bargaining unit Company employees without incurring any violation of this understanding.

Both parties agree to conduct a “New Technology” meeting every six (6) months, or sooner as necessary. Such meetings will be with the LRC committee, with a standing invite to any Union official. The parties acknowledge that 3-D printers are a Company asset. Furthermore, it is understood that additive manufacturing equipment utilized by non-bargaining unit employees in their normal daily responsibilities (i.e. desktop printers) is not bargaining unit work and is not subject to this understanding.

This Agreement memorializes the complete understandings of the parties with respect to the use of 3-D printers by bargaining and non-bargaining unit Company employees, and fully resolves any and all pending issues, disputes and/or grievances whether formally filed or not under the grievance/arbitration provisions of the current CBA with respect to additive manufacturing equipment or “3-D” printers that the parties are or should be aware of as of the date of this Agreement.

Subject: REPRESENTATION - SPECIAL AREAS

This will confirm the understanding reached between the Company and the Union during the recently concluded negotiations for the current Agreement regarding steps to be taken to ensure that employees assigned to special areas are properly represented in matters related to the Agreement.

The Company and the Union will establish a committee comprised of three stewards and a Representative of the Union and three Company representatives, plus the Labor Relations Manager or a designee to meet, confer, and attempt to resolve problems or Company-Union matters having particular significance in special areas.

The Company, through its representatives on the committee, will take necessary steps to enable assignment of stewards in all such areas.

It is not intended that the committee will interfere with or take the place of the normal processing of employee grievances as set forth in Article 3 of the Agreement. However, it is expected that the committee will work together cooperatively in an effort to ensure conformance with the Agreement and to maintain constructive relations between the employees, the Union and the Company.

In no way shall the conditions set forth in this letter substitute for or modify any of the provisions of the collective bargaining agreement.

ACCEPT TRAINEE POSITIONS**

This will confirm the Agreement reached in recently concluded negotiations regarding the placement and recall rights of employees who accept trainee positions.

A. Recall Rights

- (1) All recall rights are suspended during the period an employee is classified as a Trainee. Employees will be advised of this condition prior to their acceptance of a Trainee position.
- (2) Upon completion of a Trainee assignment and promotion to the classification for which being trained, recall rights to classifications higher than that for which the employee has been trained will be reinstated, except for those employees in the HRSI, Composites, N/C Machining, and Fabrication and Structures Assembly Training programs. (See Coded Letter B-16)
- (3) An employee off the payroll on recall to one or more classifications may be rehired (with seniority) into a Trainee classification which is open even though the employee has **not applied**.

B. Placement Rights

- (1) To enter any Trainee classification, an employee must **apply on the Company's electronic job website**. An employee scheduled for layoff may **apply** for a Trainee classification.
- (2) All placement rights are suspended during the period an employee is classified as a Trainee. Consideration **for job openings** will only be afforded **to** surplus Trainees scheduled for layoff. Employees will be advised of this condition prior to their acceptance of a Trainee position.
- (3) It is agreed that any employee placed in a Trainee classification who subsequently is found to be unable to meet the requirements for continuation in the program or who is removed from the Trainee classification due to surplus will have the following placement rights:

Such employee, upon removal from the Trainee classification under either of the above-referenced circumstances, will be placed back in the same classification held immediately prior to the employee's placement in the Trainee classification, seniority permitting. The rate of pay for such employee shall not be less than the ingrade rate immediately prior to the employee's placement in the Trainee classification.

Subject: TEMPORARY RETENTION

This will confirm the understanding reached between the Company and the Union during the recently concluded negotiations.

The parties agree that exceptions to the seniority provisions of Article 4 of this Agreement may be made by advance mutual agreement between the Labor Relations Manager and the **Local Lodge 2228 Business Representative** or designee. These exceptions will be made for the purpose of the retention of certain employees to provide stability in work operations due to critical schedule, cost, or quality problems that may temporarily exist.

The Labor Relations Manager will submit to the **Local Lodge 2228 Business Representative** the names of employees whom the Company determines must be designated for Temporary Retention and the reasons for such action. The submittal will be made **as soon as practicable** prior to the desired effective date of the retention. Within three (3) **working days** of such submittal, the **Local Lodge 2228 Business Representative** will approve such request - or submit the reasons for disapproval with justification to the Labor Relations Manager.

The Company may not implement its decision to temporarily retain an employee without agreement from the Union. Such agreement shall not be unreasonably withheld. The Union shall notify the Company of its decision as soon as possible as to not interrupt the business operations, but no later than **three (3) working days** from receipt of notice from the Company. Failure by the Union to provide an answer shall be treated the same as an agreement to proceed. **At the conclusion of this retention period the employee will be surplus and subject to the layoff procedure as outlined in Article 4, Section 6.**

Time limits may be extended upon mutual agreement.

The **Local Lodge 2228 Business Representative** shall not unreasonably refuse to agree to the temporary retention of an employee - or group of employees - where such retention is necessitated by critical operational work requirements.

Subject: OVERTIME DISTRIBUTION

This is to set forth the agreement between the Company and the Union with respect to overtime distribution.

A. AFFECTED GROUP

An affected group for overtime purposes is normally those employees within a department, classification, workweek and shift; however, by mutual agreement an affected group may be further defined as employees in a supervisory group, and the Union shall not unreasonably refuse to agree. Department Heads and Senior Stewards may agree on a different definition of affected group based on recognition of operational requirements in their area. All such proposals will be documented in writing, signed by the Department Head and Senior Steward and forwarded to the Business Representative, District 725 and the Labor Relations Manager for concurrence or rejection by either party. In the event there is rejection by either party, either party may present their proposal to the Labor Relations Committee. Any such agreement may be terminated by either the Business Representative, District 725 or the Labor Relations Manager through written notice to the other party with such notice to become effective within ten (10) working days. In the event such agreement is terminated by either party, overtime records will be handled in accordance with paragraph J of this Coded Letter. (Probationary employees work overtime only after all other employees in the affected group have been scheduled or asked to work.)

B. OVERTIME RECORDING

(1) Accurate information will be maintained on Overtime Record, Form LMSC 837-3 or equivalent computerized record, within each department to assure equitable

distribution of overtime among employees. **Electronic** copies will be given to the Union Steward upon request and will be made available to employees upon request.

- (2) The department's central record will be updated weekly to reflect overtime hours worked or refused.
- (3) Overtime records will be maintained to reflect the equivalent of straight time hours paid. Fractional hours will be rounded off to the nearest tenth of an hour; e.g., $3.3 \times 1.5 = 4.95$. 5.0 hours will be recorded.
- (4) The Overtime Records will be retained within the Department for two years.
- (5) Overtime hours for an affected group may be “zeroed out” only by agreement with the Senior Steward, Department Head, Business Representative, District 725 and the Labor Relations Manager.
- (6) Reduction of hours within an affected group may be made by subtracting a common factor. For example, in an affected group where all employees have more than 100 accumulated hours, all may be reduced by 100, resulting in no relative change within the group.

C. SCHEDULING

- (1) Affected employees will be notified of overtime work schedules as soon as reasonably possible. An employee absent from work normally will not be scheduled for overtime until returning to work after the absence. Normally, if an employee accepts weekend overtime and is absent on Friday, the overtime offered to that employee will be canceled unless the Friday absence is for an approved one day vacation, personal leave or Union call-out. Similarly, if an employee is asked to work overtime two days hence but is absent the day before the scheduled overtime, the overtime offered to that employee will be canceled. If overtime offered is canceled, the employee will be notified when reporting their absence to supervision.
- (2) The Company normally will offer the first available overtime to the employee with the lowest accumulated overtime hours in the affected group who is qualified to perform the work involved unless continuity of work operations requires an employee to follow through on work started during regular working hours.

When due to specific job skills or job continuity requirements an employee's accumulated overtime is substantially higher than that of the next person in the affected group, and it appears that the overtime difference will continue to grow, the department will initiate appropriate cross training for interested employees who are qualified to be cross trained. The cross trained employee with the lowest accumulated overtime will be rotated into the job being performed by the high overtime employee. Refusal of cross training will be documented.

- (3) An employee who refuses overtime will be charged for those hours offered unless the employee who worked was sent home early at Company request, in which case the actual hours worked will be charged.
- (4) No charge will be made to the overtime record if overtime is refused because:
 - a. The overtime assignment is on an agreed upon holiday.
 - b. The employee is on Union business and the Company has been properly notified.
 - c. The employee is on jury duty during the day when the overtime is to be worked or is to appear as a subpoenaed witness in a Court of Law in a case to which the employee is not a party either directly or as a member of a class.
 - d. Overtime is on the 6th or 7th day immediately preceding or following the employee's vacation of at least one week.
 - e. Overtime work anticipated is subsequently canceled.
 - f. The employee is called for temporary military duty.
- (5) Employees who do not want to work overtime or do not want to change job assignment or location necessary for more equitable distribution of overtime, shall indicate those preferences in writing. Such written notice will remain active for a minimum of 90 calendar days.
- (6) If a sufficient number of employees in the affected group are not available for overtime work after the appropriate trainee classification is exhausted, supervision normally, as determined by operational requirements, will attempt to locate employees in the following order:

	<u>Department</u>	<u>Classification</u>	<u>Shift</u>
a.	Same	Different	Same
b.	Same	Same	Different
c.	Same	Different	Different

- (7) If a sufficient number of employees are not available after exhausting the provisions of Paragraph 6, the Department Manager may impose Mandatory Overtime as defined under either Short Term Mandatory Overtime or Extended Mandatory Overtime, or may attempt to locate employees in other departments in the following order:

<u>Department</u>	<u>Classification</u>	<u>Shift</u>
a. Different	Same	Same
b. Different	Different	Same
c. Different	Different	Different

(8) If a sufficient number of employees are not available after exhausting the provisions of Paragraphs 7a, b, and c, the Department Manager may still impose Mandatory Overtime as defined under either Short Term Mandatory Overtime or Extended Mandatory Overtime.

D. MANDATORY OVERTIME DEFINITIONS

An extended mandatory workweek may be established in recognition of operational requirements. Such overtime may be short term or long term as defined below.

The approval of the Department Head is required whenever mandatory overtime is to be invoked.

(1) Short Term Mandatory Overtime

Short term mandatory overtime is an overtime assignment such as one day or one weekend.

When mandatory overtime is required the employee with the least amount of accumulated overtime in the affected group will be required to work.

In the event of a hardship situation affecting an employee's ability to work, the employee may request a hardship exemption in writing, and if the cause of the employee's hardship cannot be resolved, the employee will not be directed to work overtime, but will be charged with the highest overtime worked.

(2) Extended Mandatory Overtime

Extended mandatory overtime is a work schedule that exceeds one week requiring the affected overtime group to work in excess of their normal shift or workweek. The operational requirements that necessitate the extended mandatory overtime will be documented by the Department Head to the Labor Relations Manager and forwarded to the Union. Employees will be notified of such mandatory overtime in writing.

In the event of a hardship situation affecting an employee's ability to work, the employee may request a hardship exemption in writing. Such request must be submitted to the Department Head **and Labor Relations** for approval. When an

employee has such an approved request on file, the employee will not be asked to work the overtime, but will be charged with the highest overtime worked in each one day period.

E. OVERTIME CHARGES - WHEN ALL OR PART OF OVERTIME SHIFT OFFERED IS NOT WORKED

(1) When all or part of the overtime shift offered is not worked due to cancellation by management, employees will be charged only for hours worked. Employees who initially declined overtime will be charged for hours worked. The charge will be deleted if overtime is canceled before the end of the shift in which the overtime is offered.

(2) Tardies

An employee who is tardy in reporting to an overtime assignment will be charged the full amount of time scheduled to be worked.

(3) Short Times

An employee who short times when work still is available, will be charged for the time scheduled to be worked.

(4) Absences

An employee who has agreed to work overtime but fails to report for work without a legitimate excuse will be charged for double the time scheduled to be worked.

(5) Employees who accept overtime and then do not report as scheduled for the accepted overtime may be subject to disciplinary action in addition to the appropriate overtime charges.

F. ABSENCE FROM AFFECTED GROUP MORE THAN 5 WORKING DAYS

(1) An employee who is absent for over five (5) working days will be charged overtime hours in the amount of the average overtime worked by their affected group during the absence, except in the following circumstances:

- a. When an employee is on vacation.
- b. When an employee is on extended recognized Union business.
- c. When an employee is on jury duty or is to appear as a subpoenaed witness in a Court of Law in a case to which the employee is not a party either directly or as a member of a class.
- d. When an employee is required to engage in annual two consecutive weeks of Military Reserve training.

- e. When an employee is on a temporary salaried assignment of four weeks or less.
- f. When an employee is absent 30 days or more, the provisions specified for "addition of transferred or recalled employees" will apply.
- g. When an employee cancels a "No Overtime" request the provision specified for "addition of transferred or recalled employees" will apply.

(2) The average overtime worked by their affected group during the absence will be calculated and added to the employee's accumulated total prior to the absence.

G. TRAVEL AND FIELD DUTY

All overtime worked while on travel and field duty shall be added to the employee's permanent overtime record.

H. LOANED EMPLOYEES - POSTING AND DISTRIBUTION OF OVERTIME

(1) Posting - The permanent (home) department overtime record will be posted as notification is received from the borrowing department of overtime hours worked.

(2) Distribution of Overtime to Employees on Loan - Departments utilizing the services of employees on loan from other departments will use the following basic rules as a guide in the distribution of overtime:

- a. Employees who have been on loan for less than ten (10) working days will not be considered eligible for overtime. Exceptions to this rule may be made when any of the following conditions exists:
 - 1. All of the affected employees of the department are required to work overtime.
 - 2. The borrowed employee possesses special skills necessary to perform the overtime assignment, and none of the affected employees of the department is qualified to perform the work.
 - 3. Continuity of work operations requires the borrowed employee to follow through on overtime work started during regular working hours. When this condition exists to the point that operational requirements would be adversely affected, the employee on temporary loan may be assigned to the overtime work.
- b. Employees who have been on loan for ten (10) or more working days will be considered members of the "affected group" in the borrowing department for purposes of equitable distribution of overtime. Such an employee will be given the average of the affected group as of the 10th working day or the first date on which overtime occurs, whichever is first.

I. ADDITION OF NEW OR REHIRED EMPLOYEES

A new/recalled employee is added to the overtime group when employee becomes eligible to work overtime. Calculate the average overtime hours of the Employees in the classification or “work group” on their shift and show the Average on the overtime list.

J. ADDITION OF TRANSFERRED OR RECALLED EMPLOYEES

The average overtime charged to and/or worked by others in the affected group as of the date the employee begins work in the new affected group will be calculated and posted to the overtime record for the transferred or recalled employee.

K. CONSOLIDATION OF TWO OR MORE DEPARTMENTS

- (1) Overtime hours will revert to zero for employees in a classification common to two or more of the consolidated departments.
- (2) Overtime records will be carried over without change for employees in a classification common to only one department.

Subject: Surge Support

- A. It is understood that the Company may supplement its bargaining unit workforce with temporary and/or part-time workers while acknowledging that it is not the intent of the parties to utilize such workers for the purpose of eroding the unit or displacing and/or avoiding hiring full-time bargaining unit employees. Under no circumstances shall this cause the layoff of bargaining unit employees. These workers may consist of internal non-bargaining unit employees from any location and/or external contractors. If the Union believes the Company is violating the intent of this Agreement, the parties agree to meet and discuss the issue, if requested by the Union, in lieu of resorting to the use of the grievance process. If the Union and the Company cannot resolve the issue raised by the Union within two (2) weeks of the Union notifying the Company of the issue, the Union Business Representative, or his designee, and Director of Labor Relations, or his designee, shall meet within one (1) week to attempt to resolve the issue. **Such resolution shall be agreed to and signed by the Area Director of District Lodge 725, Business Representative of District Lodge 725, Bay Area Labor Relations Manager, Labor Relations Director and/or Labor Relations Senior Manager of Lockheed Martin Space.**

- C. Prior to supplementing the workforce, the Company shall provide the Union with notice and opportunity to discuss the scope of the plan, timing, and justification, as well as to discuss any concerns from the Union. **This discussion between the Company and Union shall involve potential alternative means of completing the scope of work as defined in Section B of this agreement, included but not limited to: consideration of other qualified represented employees, upskilling or reskilling of the represented workforce, and availability of IAM represented employees from other locations.** The Company may not implement its decision to supplement its bargaining unit workforce with temporary and/or part-time workers without agreement from the Union. Such

agreement shall not be unreasonably withheld. The Union shall notify the Company of its decision as soon as possible as to not interrupt the business operations, but no later than seven (7) calendar days from receipt of notice from the Company. Failure by the Union to provide an answer shall be treated the same as an agreement to proceed. This time period may be extended due to Union unavailability upon mutual agreement. Each supplementing event shall be limited to one hundred and twenty (120) calendar days, unless the parties mutually agree to extend the time. **An extension shall only be requested by the Company in the event that operational and/or security requirements necessitate such request. In the event of granted extension, the Company and Union agree to meet every thirty (30) days to discuss the continued surge requirement and path to closure.** Thirty (30) calendar days after any internal non-bargaining unit employee start performing supplement work under the terms of this Letter, that employee shall be covered by the Collective Bargaining Agreement with the exception of Articles 3, 4, 5, 6, 7, 9 and Part A and B of the Agreement. For the purposes of any layoff needed in the area being supplemented, use of the supplemental workers will be discontinued to the extent necessary before any bargaining unit employee is laid off.

Subject: SAFETY COMMITTEES

In order to promote greater participation between the Company and the Union on matters of safety, the Santa Cruz Facility will continue to maintain active Safety Committees.

Santa Cruz Facility Safety Committee

This Committee will meet at least once a month with the Facility Safety Representative. The number on this Committee will be determined by operational requirements and the number will be increased or decreased as required by the Facility Safety Representative. General Industrial Safety Committee

This committee will meet quarterly, or more often if necessary, and will be made up of one Union representative, the Resident Director, and the Facility Safety Representative. This Committee will discuss open major items generated by the Santa Cruz Facility Safety meeting and other facility personnel safety matters.

In order to maintain interest among represented members, assignments to these Committees may be rotated once a year.

This is to confirm the understanding relative to the rights of the subject employees.

Subject: OVERTIME DISTRIBUTION

This is to set forth the agreement between the Company and the Union with respect to overtime distribution.

A. AFFECTED GROUP

An affected group for overtime purposes is normally those employees within a department, classification, workweek and shift; however, by mutual agreement an affected group may be further defined as employees in a supervisory group, and the Union shall not unreasonably refuse to agree. Department Heads and Senior Stewards may agree on a different definition of affected group based on recognition of operational requirements in their area. All such proposals will be documented in writing, signed by the Department Head and Senior Steward and forwarded to the Area 5 Director, District 725 and the Labor Relations Manager for concurrence or rejection by either party. In the event there is rejection by either party, either party may present their proposal to the Labor Relations Committee. Any such agreement may be terminated by either the Area 5 Director, District or the Labor Relations Manager through written notice to the other party with such notice to become effective within ten (10) working days. In the event such agreement is terminated by either party, overtime records will be handled in accordance with paragraph J of this Coded Letter. (Probationary employees work overtime only after all other employees in the affected group have been scheduled or asked to work.)

B. OVERTIME RECORDING

(1) Accurate information will be maintained on Overtime Record, Form LMSC 837-3 837-3 or equivalent computerized record, within each department in order to assure equitable distribution of overtime among employees. **Electronic** copies will be given to the Union Steward upon request and will be made available to employees upon request.

- (2) The department's central record will be updated weekly to reflect overtime hours worked or refused.
- (3) Overtime records will be maintained to reflect the equivalent of straight time hours paid. Fractional hours will be rounded off to the nearest tenth of an hour; e.g., $3.3 \times 1.5 = 4.95$. 5.0 hours will be recorded.
- (4) The Overtime Records will be retained within the Department for two years.
- (5) Overtime hours for an affected group may be “zeroed out” only by agreement with the Senior Steward, Department Head, Area 5 Director, District 725 and the Labor Relations Manager.
- (6) Reduction of hours within an affected group may be made by subtracting a common factor. For example, in an affected group where all employees have more than 100 accumulated hours, all may be reduced by 100, resulting in no relative change within the group.

C. SCHEDULING

- (1) Affected employees will be notified of overtime work schedules as soon as reasonably possible. An employee absent from work normally will not be scheduled for overtime until returning to work after the absence. Normally, if an employee accepts weekend overtime and is absent on Friday, the overtime offered to that employee will be canceled unless the Friday absence is for an approved one day vacation, personal leave or Union call-out. Similarly, if an employee is asked to work overtime two days hence but is absent the day before the scheduled overtime, the overtime offered to that employee will be canceled. If overtime offered is canceled, the employee will be notified when reporting their absence to supervision.
- (2) The Company normally will offer the first available overtime to the employee with the lowest accumulated overtime hours in the affected group who is qualified to perform the work involved unless continuity of work operations requires an employee to follow through on work started during regular working hours.

When due to specific job skills or job continuity requirements an employee's accumulated overtime is substantially higher than that of the next person in the affected group, and it appears that the overtime difference will continue to grow, the department will initiate appropriate cross training for interested employees who are qualified to be cross trained. The cross trained employee with the lowest accumulated overtime will be rotated into the job being

performed by the high overtime employee. Refusal of cross training will be documented.

- (3) An employee who refuses overtime will be charged for those hours offered unless the employee who worked was sent home early at Company request, in which case the actual hours worked will be charged.
- (4) No charge will be made to the overtime record if overtime is refused because:
- a. The overtime assignment is on an agreed upon holiday.
 - b. The employee is on Union business and the Company has been properly notified.
 - c. The employee is on jury duty during the day when the overtime is to be worked or is to appear as a subpoenaed witness in a Court of Law in a case to which the employee is not a party either directly or as a member of a class.
 - d. Overtime is on the 6th or 7th day immediately preceding or following the employee's vacation of at least one week.
 - e. Overtime work anticipated is subsequently canceled.
 - g. The employee is called for temporary military duty.
- (5) Employees who do not want to work overtime or do not want to change job assignment or location necessary for more equitable distribution of overtime, shall indicate those preferences in writing. Such written notice will remain active for a minimum of 90 calendar days.
- (6) If a sufficient number of employees in the affected group are not available for overtime work after the appropriate trainee classification is exhausted, supervision normally, as determined by operational requirements, will attempt to locate employees in the following order:

<u>Department</u>	<u>Classification</u>	<u>Shift</u>
a. Same	Different	Same
b. Same	Same	Different
c. Same	Different	Different

- (7) If a sufficient number of employees are not available after exhausting the provisions of Paragraph 6, the Department Manager may impose Mandatory

Overtime as defined under either Short Term Mandatory Overtime or Extended Mandatory Overtime, or may attempt to locate employees in other departments in the following order:

<u>Department</u>	<u>Classification</u>	<u>Shift</u>
a. Different	Same	Same
b. Different	Different	Same
c. Different	Different	Different

(8) If a sufficient number of employees are not available after exhausting the provisions of Paragraphs 7a, b, and c, the Department Manager may still impose Mandatory Overtime as defined under either Short Term Mandatory Overtime or Extended Mandatory Overtime.

D. MANDATORY OVERTIME DEFINITIONS

An extended mandatory workweek may be established in recognition of operational requirements. Such overtime may be short term or long term as defined below.

The approval of the Department Head is required whenever mandatory overtime is to be invoked.

(1) Short Term Mandatory Overtime

Short term mandatory overtime is an overtime assignment such as one day or one weekend.

When mandatory overtime is required the employee with the least amount of accumulated overtime in the affected group will be required to work.

In the event of a hardship situation affecting an employee's ability to work, the employee may request a hardship exemption in writing, and if the cause of the employee's hardship cannot be resolved, the employee will not be directed to work overtime, but will be charged with the highest overtime worked.

(2) Extended Mandatory Overtime

Extended mandatory overtime is a work schedule that exceeds one week requiring the affected overtime group to work in excess of their normal shift or workweek. The operational requirements that necessitate the extended mandatory overtime will be documented by the Department Head to the Labor Relations Manager and forwarded to the Union. Employees will be notified of such mandatory overtime in writing.

In the event of a hardship situation affecting an employee's ability to work, the employee may request a hardship exemption in writing. Such request must be submitted to the Department Head for approval. When an employee has such an approved request on file, the employee will not be asked to work the overtime, but will be charged with the highest overtime worked in each one day period.

H. LOANED EMPLOYEES - POSTING AND DISTRIBUTION OF OVERTIME

- (1) Posting - The permanent (home) department overtime record will be posted as notification is received from the borrowing department of overtime hours worked.
- (2) Distribution of Overtime to Employees on Loan - Departments utilizing the services of employees on loan from other departments will use the following basic rules as a guide in the distribution of overtime:

- a. Employees who have been on loan for less than ten (10) working days will not be considered eligible for overtime. Exceptions to this rule may be made when any of the following conditions exists:
 1. All of the affected employees of the department are required to work overtime.
 2. The borrowed employee possesses special skills necessary to perform the overtime assignment, and none of the affected employees of the department is qualified to perform the work.
 3. Continuity of work operations requires the borrowed employee to follow through on overtime work started during regular working hours. When this condition exists to the point that operational requirements would be adversely affected, the employee on temporary loan may be assigned to the overtime work.
- b. Employees who have been on loan for ten (10) or more working days will be considered members of the "affected group" in the borrowing department for purposes of equitable distribution of overtime. Such an employee will be given the average of the affected group as of the 10th working day or the first date on which overtime occurs, whichever is first.

I. ADDITION OF NEW OR REHIRED EMPLOYEES

A new/recalled employee is added to the overtime group when employee becomes eligible to work overtime. Calculate the average overtime hours of the Employees in the classification or "work group" on their shift and show the Average on the overtime list.

J. ADDITION OF TRANSFERRED OR RECALLED EMPLOYEES

The average overtime charged to and/or worked by others in the affected group as of the date the employee begins work in the new affected group will be calculated and posted to the overtime record for the transferred or recalled employee.

K. CONSOLIDATION OF TWO OR MORE DEPARTMENTS

- (1) Overtime hours will revert to zero for employees in a classification common to two or more of the consolidated departments.
- (2) Overtime records will be carried over without change for employees in a classification common to only one department.

If an insufficient number of employees accept the temporary transfer as provided in Paragraph 1 above, the Company may then transfer the required number of qualified employees in inverse order of seniority from the appropriate classification and from within the organization where the temporary vacancy exists.
3. Should an insufficient number of qualified employees be available from within the organization wherein the vacancy exists, the Company may then temporarily transfer employees from other organizations in the same order of sequence as provided in Paragraph 1 and 2 above.

Temporary Loan

1. When an employee is loaned for more than a one day assignment, such as to fulfill a work cycle, the employee shall be considered a member of the organization after two (2) calendar days for purposes of shift assignment.

2. When operations necessitate the transferring of employees, the Company will first offer temporary organization transfers to qualified employees in the appropriate classifications from within the loaning organization in order of seniority.
3. If an insufficient number of employees accept the temporary transfer as provided for in Paragraph 2 above, the Company may then temporarily transfer the required number of qualified employees in inverse order of seniority.
4. Employees affected by the conditions set forth in Paragraph 1 and 2 above, will be given a written notice of the temporary transfer provided the assignment is for more than one work shift. A copy of the notice will be furnished to the Base Steward.

Odd Workweek/Shift

Should the need for an odd workweek or an odd shift occur within a department, the department manager and the senior steward will meet and reach an understanding. Should the need for an odd workweek/shift occur which involves multiple departments, a representative of the Company and the chairperson of the Union Labor Relations Committee or his/her designee will meet and reach an understanding.

Subject: OVERTIME DISTRIBUTION AND RECORD KEEPING

This agreement between the Company and the California Central Coast Lodge 2786 of the International Association of Machinists and Aerospace Workers is entered into following a review of local overtime practices, understanding and agreements. The purpose of this agreement is to standardize overtime procedures for the benefit of both parties. Nothing herein is intended or understood as a deterrent to Management or the Local Union on any other matter other than the establishment of a standardized overtime agreement of all local organizations. The agreement supersedes all prior local practices, and agreements or parts thereof, whether written or oral, and is not in any way intended to give or gain an advantageous overtime position to any employees.

A. GENERAL

In order to assure equitable distribution of overtime among employees, uniform records shall be maintained within each organization/department. Overtime lists shall normally be by employee classification or "work group", by shift and organization/department. (Work group as used herein means several related classifications of employees working together as a work unit.)

B. POSTING PROCEDURE

- (1) Enter employee's name by shift, by classification or "work group", cumulative overtime balance brought forward, number of overtime hours worked each day, number of hours charged at the appropriate rate if overtime is refused, and any absence code if the employee is not at work. Overtime records will be maintained to reflect the equivalent of straight time hours.
- (2) No charge or entry will be made to the overtime record if overtime is refused because:
 - a. The overtime assignment is on an agreed upon holiday.
 - b. The employee is on Union business and the Company has been properly notified.

- c. The employee is on jury duty during the day when the overtime is to be worked or is to appear as a subpoenaed witness in a Court of Law in a case to which the employee is not a party either directly or as a member of a class.
- d. Overtime is on the 6th or 7th day immediately preceding or following employee's vacation.
- e. Overtime work anticipated is subsequently canceled.
- f. On the day an employee is called for temporary military duty.

An employee who refused overtime for any reason not listed above will be charged an amount equivalent to the time worked had the employee accepted.

- (3) An employee who is absent for over five (5) working days will be charged overtime hours in the amount of the average overtime worked by their work group during the absence, except in the following listed circumstances: (Note: No entry is made to the employee's O.T. Record when there is an absence of five (5) working days or less.)
 - a. When an employee is on vacation.
 - b. When an employee is on extended recognized Union business.
 - c. When an employee is on jury duty or is to appear as a subpoenaed witness in a Court of Law in a case to which employee is not a party either directly or as a member of a class.
 - d. When an employee is required to engage in annual two (2) consecutive weeks of Military Reserve training.
 - e. Employees may be returned to regular duty after medical restrictions are removed that prevented any overtime being worked. The amount of O.T. worked divided by the number of eligible employees in the work group, from the date the restrictions were imposed to the date the restrictions were removed, shall be added to the employees O.T. Record. This would not apply to an employee who was injured on the job and is the subject of a Worker's Compensation case. This employee would retain the overtime hours accumulated immediately prior to the injury.
- (4) A new/recalled employee is added to the overtime group when employee becomes eligible to work overtime. Calculate the average overtime hours of the employees in the classification or "work group" on their shift and show the average by inserting a red circled figure on the overtime list.

- (5) When an employee is transferred from one “work group” to another (other than temporary) use the following formula to determine employees new overtime average:

EMPLOYEE'S PRESENT OVERTIME TOTAL
PRESENT WORK GROUP AVERAGE

EQUALS (=)

EMPLOYEE'S NEW AVERAGE
NEW WORK GROUP AVERAGE

EXAMPLE:

An employee with sixty (60) hours charged overtime is transferred from Organization A to B. The average in A's overtime group is seventy-five (75) and the average in the B overtime group is sixty (60). The employee's new overtime charge in Organization B is as shown:

$$\frac{60}{75} = \frac{\text{EMPLOYEE'S NEW AVERAGE}}{60}$$

$$\frac{60}{75} = \frac{48}{60}$$

However, in no case is a transferred employee's new average to be greater than that of the highest employee in the new group, or below that of the lowest in the new

"work group". If such be the case, the employee will be assigned either the highest or the lowest figure in the new group. The new average is to be indicated by a circled red figure on the overtime list.

- (6) Employees (including leads) who are temporarily loaned from one "work group" to another, for more than a one (1) day assignment, will assume the average overtime hours (after two (2) calendar days) of the "work group" to which they are reporting. When the employee returns to the permanent "work group" any overtime worked or refused will be posted to the employees' permanent overtime record. An employee on travel or field duty shall have all overtime hours worked added to the permanent overtime record upon return from such assignment. Employees who turn down a travel or field duty assignment will be charged with the average overtime hours of the returning traveling employee(s), regardless of the overtime hours worked while not on travel. Employees temporarily transferred or promoted to a position outside the CEG will be charged with the overtime hours worked by the employee or the average of the employee's group while the employee was absent, whichever is greater.
- (7) An employee who does not want to be offered overtime should submit a signed written notice to that effect. The written notice will be placed in the organization/department personnel folder. The overtime record will show: "employee declines overtime. See written notice dated (date)." The employee must understand they are still subject to work if operational requirements so dictate. Should the written notice be rescinded at a later date, the employee shall be re-averaged into the operational unit as a new employee, thirty (30) calendar days after receipt of the dated written notice (employee will not be eligible to work overtime until re-averaged in the work group), but in no case will the employee's relative position in the operational unit be improved.
- (8) A mutually agreed upon written notification form will be provided to each employee within five (5) calendar days of the time an employee is loaned from one organization/department to another organization/department.
- (9) Employees will carry their accumulated overtime with them when transferred and/or re-transferred to other shifts within their organization/department and classification.

- (10) Effective the date of the Agreement the employee with the lowest accumulated overtime balance in an overtime group will revert to a zero balance, and all employees' overtime balance in the group will be reduced by the same number of hours, and annually on the anniversary date of the Agreement.

C. SCHEDULING

- (1) In accordance with Article 4, Section 2 of the Agreement, overtime will be divided as equally as practicable among affected employees. The Company will normally offer the first available overtime to the employee with the lowest accumulated overtime hours in the affected group, including holiday overtime.

Exceptions to this general rule include such things as: Not qualified to perform the work assignment, bonafide safety and medical limitations, access considerations.

It is herein agreed that holiday overtime scheduling will be handled in the same manner as pre-shift, post-shift, or weekend overtime.

- (2) Employees will be notified of overtime work schedules as soon as reasonably possible.
- (3) Nothing herein is meant to prevent an employee from being scheduled or working consecutive normal assigned work shifts such as the sixth and seventh work day, or working in excess of twenty (20) hours in a given week.
- (4) For Call-in and Call-off purposes, a list of all employees scheduled for overtime will be passed from shift to shift and designation made as to high O.T. employee, next high employee, etc. In cases where O.T. is to be canceled the Company will refer to this list and attempt to cancel starting from the highest overtime employee.
- (5) An employee who volunteers for a temporary shift or loan assignment will not be considered if the employee's accumulated overtime is fifty (50) hours greater than other employees in the employee's working group who have volunteered for the assignment.
- (6) When employees are assigned to pre-shift overtime in areas other than their normal work area, they will report directly to the overtime area. Sufficient travel time will be allowed for the employee to report to the employee's normal work area. In the case of post-shift overtime in an area other than the employee's normal work area sufficient travel time will be allowed for employees to report to the overtime assignment. In neither case will the employee be reimbursed for travel expense or be furnished Company transportation.
- (7) If an insufficient number of employees in the affected group are available for in-week, weekend, or holiday overtime (i.e., all employees in the "work group" have been asked to work and where necessary directed to work by lowest accumulated overtime hours), supervision will normally, as determined by operational requirements, attempt to locate employees in the following order:

- a. Same classification or “work group”, same organization/department, different shift.
- b. Same classification or “work group”, same shift, different organization/department, if employees are qualified to do the work.
- c. Other classifications, same shift, same organization/ department, if employees are qualified to do the work.

All additional agreements and/or understandings concerning overtime distribution or any other factors affecting equal distribution of overtime shall be handled by a letter of understanding agreed to by the Local Negotiating Committee and Human Resources.

Subject: UNION STEWARD COVERAGE DURING TEMPORARY FIELD SERVICE ASSIGNMENT

The Company agrees that whenever employees are assigned to temporary field service and there is no Union Steward among the employees selected, the Union may appoint a steward from among those employees.

Further, the Company agrees when employees are assigned to field duty assignments where there is no Union representation that the Company will notify the Base Steward prior to departure, when time permits. In instances where complaints and grievances have not been resolved, the time limits will be waived until such temporary assignment has concluded and the employees have returned to their home base. The normal grievance procedure outlined in the Company-Union Agreement will then be followed.

Subject: OVERTIME DISTRIBUTION AND RECORD KEEPING

This agreement between Lockheed Martin Space and Local Lodge 610 of the International Association of Machinists & Aerospace Workers supersedes all previous written and oral agreements, prior local practices.

GENERAL

- A. Overtime will be distributed by classification, by operational unit, by shift. An operational unit is defined as: Those employees on a shift who report to the same supervisor or designated coordinator. In some areas, a supervisor or coordinator may have more than one operational unit as depicted by the department or organization chart. In this case, overtime will be distributed by each operational unit reporting to the supervisor or coordinator.
- B. In some areas overtime will be distributed by "work group". Work group, as used herein, means several classifications of employees working together as a temporary work unit. Overtime will be distributed by classification, by shift within the work group.
- C. In the event that an insufficient number of employees accept an overtime assignment, the Company may direct the employee low on the overtime list within the classification, operational unit and shift to fulfill the overtime requirement. However, prior to directing employees within the original operational unit, the Company may ask within the needed classification from other operational units first and then any employee qualified to perform the work assignment from the original operational unit. When determining which employees are to be selected for overtime, the employee who is lowest in overtime hours within the classification needed will be selected. Should two (2) or more employees have the same number of hours, the most senior employee will be selected. If no employees outside the original operational unit accept the overtime, then the employee who is lowest on the overtime list in the original group will be required to work the overtime.

OVERTIME RECORDS

- A. Accurate information will be maintained on the overtime record (Form LMSC 837-3 or equivalent) within each operational unit in order to assure equitable distribution of overtime among employees. The overtime record will be openly posted within each operational unit and shall be retained for two (2) years on a continuing basis.
- B. Employees' names (by classification) within the same operational unit will be entered on the overtime record, and cumulative overtime balances will be brought forward from any previous overtime record. Overtime will be recorded daily to show overtime hours worked or refused on the appropriate calendar day. A cumulative total will be made at the end of each day.
- C. Overtime records will be maintained to reflect the equivalent of straight time. Fractional hours will be rounded off to the nearest tenth of an hour, e.g. $3.3 \times 1.5 = 4.95$, 5.0 hours will be recorded.
- D. Overtime offered but refused will be recorded to show the number of hours the employees would have worked, had it been accepted, by an "O" to denote "offered".
- E. Reduction of hours may be made by subtracting a common factor. For example, in an affected group where all employees have more than 100 accumulated hours, all may be reduced by 100, resulting in no relative change within the group. When a reduction takes place it must be coordinated with all operational units to be done concurrently and in the same manner

SCHEDULING

- A. Affected employees will be notified of overtime work schedules as soon as reasonably possible. An employee absent from work normally will not be scheduled for overtime until returning to work after the absence. Normally, if an employee accepts weekend overtime and is absent on Friday, the overtime offered to that employee will be canceled unless the Friday is a normally scheduled off-Friday, an approved one day vacation, personal leave or union call-out. Similarly, if an employee is asked to work overtime two days hence but is absent the day before the scheduled overtime, the overtime offered to that employee will be canceled. If overtime offered is canceled, the employee will be notified when reporting their absence to supervision.
- B. The Company normally will offer the first available overtime to the employees with the lowest accumulated overtime hours in the affected group who is qualified to perform the work involved. Exceptions to this rule will include: job continuity, which requires the employee to follow through on overtime work started during normal working hours. When this condition exists to the point that operational requirements would be affected,

the employee may continue the overtime work. Other exceptions include: qualifications, access considerations and medical limitations.

When due to specific job skills or job continuity requirements an employee's accumulated overtime is substantially higher than that of the next person in the affected group, and it appears that the overtime difference will continue to grow, the department will initiate appropriate cross training for interested employees who are qualified to be cross trained. The cross trained employee with the lowest accumulated overtime will be rotated into the job being performed by the high overtime employee.

Refusal of cross training will be documented.

- C. An employee who refuses overtime will be charged for those hours offered unless the employee who worked was sent home early at company request, in which case the actual hours worked will be charged.
- D. No charge will be made to the overtime record if overtime is refused because:
 - 1. The overtime assignment is on an agreed upon holiday.
 - 2. The employee is on union business and the company has been properly notified.
 - 3. The employee is on jury duty during the day when the overtime is to be worked or is to appear as a subpoenaed witness in a court of law in a case to which the employee is not a party either directly or as a member of a class.
 - 4. Overtime is on the 6th or 7th day immediately preceding or following the employee's vacation of at least one week.
 - 5. Overtime work anticipated is subsequently canceled.
 - 6. The employee is called for temporary military duty.
 - 7. When an employee has a medical or dental appointment prior to the time the overtime is offered (Doctor's verification required).
 - 8. All employees outside of the requesting operational unit refuse the overtime and the Company returns to the original operational unit.
- E. Employees who do not want to work overtime or do not want to change job assignment or location necessary for more equitable distribution of overtime, shall indicate those preferences in writing. Such written notice will remain active for a minimum of 90 calendar days. Subsequently, if a name is removed and such employee is added back to the list such activation shall be for a minimum of 90 calendar days. Once an employee has removed his name from the overtime list he is not eligible for overtime unless all eligible employees in same classification are working and additional employees are needed.

- F. Drivers required to drive the vehicle to transport missiles and/or missile motors shall be qualified and licensed operators. When employees are assigned as "shotgun" riders for missile and missile motor transport, they will be assigned from the above supervisory group. Should the "shotgun" rider be required to perform duties calling for specific skills in addition to the "shotgun" duties, the assignment shall be per the affected classification. In all overtime assignments, "scheduling" provisions of this agreement shall apply.

OVERTIME CHARGES - WHEN ALL OR PART OF OVERTIME SHIFT OFFERED IS NOT WORKED.

- A. When all or part of the overtime shift offered is not worked due to cancellation by management, employees will be charged only hours worked. Employees who initially declined overtime will be charged for hours worked. The charge will be deleted if overtime is canceled before the end of the shift in which the overtime is offered.

- B. Tardies

An employee who is tardy in reporting to an overtime assignment will be charged the full amount of time scheduled to be worked.

- C. Short times

An employee who short times when work still is available, will be charged for the time scheduled to be worked.

- D. Absences

An employee who has agreed to work overtime but fails to report for work without a legitimate excuse will be charged for double the time scheduled to be worked.

- E. Employees who accept overtime and then do not report as scheduled for the accepted overtime may be subject to disciplinary action in addition to the appropriate overtime charges.

ABSENCE FROM AFFECTED GROUP MORE THAN 5 WORKING DAYS

- A. An employee who is absent for over five (5) working days will be charged overtime hours in the amount of the average overtime worked by their affected group during the absence, except in the following circumstances:

1. When an employee is on vacation.

2. When an employee is on extended recognized union business.
 3. When an employee is on jury duty or is to appear as a subpoenaed witness in a court of law in a case to which the employee is not a party either directly or as a member of a class.
 4. When an employee is required to engage in annual two consecutive weeks of military training.
 5. When an employee is absent 30 days or more, the provisions specified for "addition of transferred or recalled employees" will apply.
- B. An employee identified in A who is not exempt in 1 through 5 above will be averaged back into their group as follows: the average overtime worked by their affected group during the absence will be calculated and added to the employee's accumulated total prior to the absence.

TRAVEL AND FIELD DUTY

All overtime worked while on travel and field duty shall be added to the employee's permanent overtime record.

LOANED EMPLOYEES - POSTING AND DISTRIBUTION OF OVERTIME.

- A. Posting - the permanent (home) operational unit overtime record will be posted as notification is received from the borrowing operational unit of overtime hours worked.
- B. Distribution of overtime to employees on loan - operational unit utilizing the services of employees on loan from other operational units will use the following basic rules as a guide in the distribution of overtime:
 1. Employees who have been on loan for less than ten (10) working days will not be considered eligible for overtime. Exceptions to this rule may be made when any of the following conditions exists:
 - (a) all the affected employees of the department are requested to work overtime.
 - (b) the borrowed employee possesses special skills necessary to perform the overtime assignment, and none of the affected employees of the department is qualified to perform the work.
 - (c) continuity of work operations requires the borrowed employee to follow through on overtime work started during regular working hours. When this condition exists to the point that operational requirements would be adversely affected, the employee on temporary loan may be assigned to the overtime work.

2. Employees who have been on loan for ten (10) or more working days will be considered members of the "affected group" in the borrowing department for purposes of equitable distribution of overtime. Such an employee will be given the average of the affected group as of the 10th working day or the first date on which overtime occurs, whichever is first.

ADDITION OF NEW OR REHIRED EMPLOYEES

The average overtime hours of 50% of the employees in the affected group who have worked the highest number of overtime hours as of the date the new or rehired employee begins to work overtime or at the end of the probationary period whichever occurs first will be calculated and posted to the overtime record for the new or rehired employee.

Example: if there are 10 names in the affected group, add the overtime of the 5 highest and divide by 5.

ADDITION OF TRANSFERRED OR RECALLED EMPLOYEES

The average overtime charged to and/or worked by others in the affected group as of the date the employee begins work in the new affected group will be calculated and posted to the overtime record for the transferred or recalled employee.

CONSOLIDATION OF TWO OR MORE OPERATIONAL UNITS

- A. Combination of two or more operational units will be agreed upon by the Company and the Union.
- B. Overtime records will be carried over without change for employees in a classification common to only one operational unit.

REMOVAL FROM OVERTIME RECORD

- A. An employee who does not want to be offered overtime should submit a written request to that effect. The written request will be placed in the organization personnel folder. The overtime record will show: "Employee declines overtime. See written request dated (DATE)." The employees must understand they are still subject to work if operational requirements so dictate.

- B. When an employee cancels a “no overtime” request the average overtime worked by their affected group during the no overtime request will be calculated and added to the employee’s accumulated total at the time the request was submitted, but, in no case, will the employee's relative position in the operational unit be improved.

- C. All additional agreements and/or understandings concerning overtime distribution shall be handled by a letter of agreement between the Base Steward and the Human Resources Representative.

Subject: Travel/Field Duty

The parties will establish a field duty list. This list will be used to select employees for field duty assignments and will be populated by volunteers within a given operational unit (i.e. TMK, Operations, MESSA). **The list will include the total number of days on travel for each individual employee. Upon completion of a field duty assignment employees will rotate to the bottom of their respective list with the total number of days on travel added to any previous total.** In the event there is a field duty assignment, management will review the minimum qualifications required to perform the work and select based on **classification and shift.**

In the event that an insufficient number of employees accept a field duty assignment, the employee with the lowest number of field duty **travel** days will be selected for the field duty assignment. **In the event two (2) employees share the same number of travel days, selection to travel will be by seniority.**

An employee may withdraw from the field duty list by submitting written notice to their supervisor. Withdrawals from the field duty list will have a minimum life of six (6) months. If the employee wishes to be restored to the field duty list following six (6) months, the employee shall submit such request in writing to their supervisor and **must remain on the list for a minimum of six (6) months.** Such employee will be given the field duty **travel days** average of the affected group as of the date of such written request.

Subject: Operational Unit

It is hereby agreed between Lockheed Martin Space and the International Association of Machinists & Aerospace Workers, Local Lodge 610, as follows:

The Union and the Company agree to merge the MESSA and Pad 46 operational units into one (1) functional operational unit.

It is mutually understood, within the operational unit, that the Company may have employees perform work at the same **or lower** labor grade outside their classification for which they are qualified and certified to perform **on a temporary assignment**.

In order for this to occur, when operationally possible, there shall be at least one employee performing their work in their job classification as part of the common task within the operational unit.

Subject: Employee Requested Shift Transfer

The Company and the Union enter into this Agreement to establish guidelines for employees requesting shift transfer by written documentation. The intent of this letter is not to change the current Company/Union Agreement but to set a time limit for requesting a shift transfer prior to the beginning of an operation (example DASO's).

A time limit requirement is necessary due to the Company's responsibility to maintain, on each shift, the skill and certification levels necessary to perform the operation. Therefore, the Company and the Union agree that written documentation for shift transfer must be on file five (5) working days prior to the beginning of the operation.

After the time limit expires for submitting a request for shift transfer, if a hardship situation occurs affecting an employee's ability to work the assigned shift, the employee may request a hardship exemption via written documentation. The written document must be submitted immediately to the organization manager for approval.

Subject: Temporary Work Group with an Organization

This Agreement between the Company and the Union results from a need to establish guidelines for organizing a temporary work group within an organization for less than 10 working days. This Letter of Understanding excludes Service Unit assignments.

1. Company operational requirements determine the need for temporary work groups.
2. The company will first offer assignment to a temporary work group (less than 10 working days) on a volunteer basis. Management will issue a written request for volunteers and interested employees should respond by written documentation. Volunteers must possess the necessary qualifications and certifications to perform the required tasks.
3. In the event there are more volunteers than required, selection will be based on the most senior qualified. If an insufficient number of employees volunteer, the Company may temporarily transfer employees in inverse order of seniority from the affected work groups.
4. The Supervisor responsible for the temporary work group shall maintain overtime records for such group. Employees in the temporary work group will begin with zero overtime hours. In the event overtime is required the employee with the fewest accumulated overtime hours, while assigned to the temporary work group, will be offered the overtime. All other overtime provisions of Letter E-9 will apply.
5. Employees returning to regularly assigned work group shall have all overtime worked or refused, while on temporary assignment, posted to their permanent overtime record. Employees not volunteering for temporary assignment will not be charged for the overtime worked by the temporary work group.
6. Volunteers within the temporary work group shall have first consideration for shift transfers. Inverse seniority will determine shift transfers in the event an insufficient number of employees volunteer.
7. Deviation of these guidelines requires the authorization of the Base Steward and the Human Resources Representative. The grievance procedure will apply only as far as Step 3 if complaints or grievances arise out of the application of this Agreement.

Modification or termination of this Agreement requires a five (5 day written notice to either party.
